this new and engaging introduction offers a critical approach to discourse written by an expert

uniquely placed to cover the subject for a variety of disciplines organised along thematic lines the book begins with an outline of the basic principles moving on to examine the methods and theory of cda critical discourse analysis it covers topics such as text and context language and inequality choice and determination history and process ideology and identity blommaert focuses on how language can offer a crucial understanding of wider aspects of power relations arguing that critical discourse analysis should specifically be an analysis of the effects of power what power does to people groups and societies and how this impact comes about clearly argued this concise introduction will be welcomed by students and researchers in a variety of disciplines involved in the study of discourse including linguistics linguistic anthropology and the sociology of language

this is a definitive introductory text to modern sociolinguistics that looks at the study of language and society through the concept of identity it uses these sociolinguistic constructs of identity to tie together current concepts and methods in the field offering a full overview of the discipline both past and present deckert and vickers adopt an interdisciplinary approach introducing work from a variety of fields that examine sociolinguistic data from linguistics to anthropology sociology psychology and education the book moves from looking at language varieties and globalization to a close examination of language in social interaction covering the concepts of ideology and power throughout the authors offer keen insight into all of the topics issues and methods that students of language and society will need to understand the chapters contain a range of pedagogical features including key terms study questions chapter summaries and further reading this is an essential new text for all those studying contemporary sociolinguistics suitable for undergraduates and postgraduates alike

introducing multilingualism is a brand new comprehensive and user friendly introduction to the dynamic field of multilingualism adopting a compelling social and critical approach jean jacques weber and kristine horner guide readers through the established theories about multilingualism the book covers language as a social construct language contact and variation language and identity and the differences between individual and societal multilingualism the authors also provide an alternative approach to studying multilingualism introducing innovative concepts such as flexible multilingualism and literacy bridge in order to encourage students to critically question dominant discourses on topics such as integration heritage and language testing this highly practical textbook

incorporates a wide range of engaging activities and encourages students to think critically about important social and educational issues throughout the theoretical content is explored through a wide range of case studies from around the world clearly argued and widely applicable this book is essential reading for undergraduate students and postgraduate students new to studying multilingualism

an accessible and entertaining textbook that introduces students to sociolinguistics in a real world context with issues they care about

sociolinguistics deals with the social life of language language in its sociocultural context it is a branch of linguistics that looks less at the shape or sound of words morphology or phonology and more at how our words and sentences are influenced by the society around us for instance how the accent or the dialect we use has been shaped by where we come from or which social class we belong to in this very short introduction john edwards offers the most up to date brief overview available of sociolinguistics with side trips into the sociology of language and psycholinguistics he considers such topics as the different social evaluations of languages and dialects the loaded significance of names and the importance of politically driven language planning and policy the relationship between language and gender sexist language the language of poverty and the intertwining of language and religion are also dealt with here edwards stresses that while linguists see all dialects as equally valid in the wider world powerful attitudes have always placed language varieties in social hierarchies the author also looks at language more broadly examining the ways in which languages rise or fall the attempts to revive flagging or endangered varieties the reasons why some languages came to dominate others and the special dynamics that affect contact between big and small languages in both its role as our most powerful tool of communication and as the most immediate symbolic marker of human affiliation language is pre eminently a social phenomenon this compact volume offers an invaluable introduction to this vital aspect of language about the series oxford s very short introductions series offers concise and original introductions to a wide range of subjects from islam to sociology politics to classics literary theory to history and archaeology to the bible not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field every very short introduction gives a readable evolution of the subject in

question demonstrating how the subject has developed and how it has influenced society eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the very short introductions series has a handy and affordable guide that will likely prove indispensable

one of the most pressing issues in contemporary european societies is the need to promote integration and social inclusion in the context of rapidly increasing migration a particular challenge confronting national governments is how to accommodate speakers of an ever increasing number of languages within what in most cases are still perceived as monolingual indigenous populations this has given rise to public debates in many countries on controversial policies imposing a requirement of competence in a national language and culture as a condition for acquiring citizenship however these debates are frequently conducted almost entirely at a national level within each state with little if any attention paid to the broader european context at the same time further eu enlargement and the ongoing rise in the rate of migration into and across europe suggest that the salience of these issues is likely to continue to grow this volume offers a critical analysis of these debates and emerging discourses on integration and challenges the assumptions underlying the new language testing regimes

sociolinguistics is one of the central branches of modern linguistics and deals with the place of language in human societies this second edition of introducing sociolinguistics expertly synthesises the main approaches to the subject the book covers areas such as multilingualism code choice language variation dialectology interactional studies gender language contact language and inequality and language and power at the same time it provides an integrated perspective on these themes by examining sociological theories of human interaction in this regard power and inequality are particularly significant the book also contains two chapters on the applications of sociolinguistics in education and in language policy and planning and a concluding chapter on the sociolinguistics of sign language new topics covered include speaking style and stylisation while current debates in areas like creolisation globalisation and language death language planning and gender are reflected written collaboratively by teachers and scholars with first hand experience of sociolinguistic developments on four continents this book provides the broadest introduction

currently available to the central topics in sociolinguistics features provides a solid foundation in all aspects of sociolinguistics and explores important themes such as power and inequality sign language gender and the internet well illustrated with maps diagrams inset boxes drawings and cartoons accessibly written with the beginner in mind uses numerous examples from multilingual settings explains basic concepts supported by a glossary further reading lists a full bibliography and a section on next steps provide valuable guidance

the most comprehensive overview available this handbook is an essential guide to sociolinguistics today reflecting the breadth of research in the field it surveys a range of topics and approaches in the study of language variation and use in society as well as linguistic perspectives the handbook includes insights from anthropology social psychology the study of discourse and power conversation analysis theories of style and styling language contact and applied sociolinguistics language practices seem to have reached new levels since the communications revolution of the late twentieth century at the same time face to face communication is still the main force of language identity even if social and peer networks of the traditional face to face nature are facing stiff competition of the facebook to facebook sort the most authoritative guide to the state of the field this handbook shows that sociolinguistics provides us with the best tools for understanding our unfolding evolution as social beings

in line with the overall perspective of the handbook series the focus of vol 9 is on language related problems arising in the context of linguistic diversity and change and the contributions applied linguistics can offer for solutions part i language minorities and inequality presents situations of language contact and linguistic diversity as world wide phenomena the focus is on indigenous and immigrant linguistic minorities their lack of access to linguistic rights through language policies and the impact on their linguistic future part ii language planning and language change focuses on the impact of colonialism imperialism globalisation and economics as factors that language policies and planning measures must account for in responding to problems deriving from language contact and linguistic diversity part iii language variation and change in institutional contexts examines language related problems in selected institutional areas of communication education the law religion science the internet which will often derive from socioeconomic cultural and other non linguistic asymmetries part iv the discourse of linguistic diversity and language change analyses

linguistic diversity language change and language reform as issues of public debates which are informed by different ideological positions values and attitudes e g with reference to sexism racism and political correctness the volume also contains extensive reference sections and index material

an introduction to language policy theories and method is a collection of newly written chapters that cover the major theories and methods currently employed by scholars active in the field provides an accessible introduction to the study of language policy research and language s role in social life consists of newly commissioned essays written by internationally recognized scholars helps define and describe a growing field of inquiry and is an authoritative source for students scholars and researchers in linguistics applied linguistics education policy studies and related areas includes section overviews annotated chapter bibliographies and discussion questions

this accessible introduction to multimodality illuminates the potential of multimodal research for understanding the ways in which people communicate readers will become familiar with the key concepts and methods in various domains while learning how to engage critically with the notion of multimodality the book challenges widely held assumptions about language and presents the practical steps involved in setting up a multimodal study including formulating research questions collecting research materials assessing and developing methods of transcription considering the ethical dimensions of multimodal research a self study guide is also included designed as an optional stand alone resource or as the basis for a short course with a wide range of examples clear practical support and a glossary of terms introducing multimodality is an ideal reference for undergraduate and postgraduate students in multimodality semiotics applied linguistics and media and communication studies online materials including colour images and more links to relevant resources are available on the companion website at routledge.com/cw/jewitt and the [routledge language and communication](http://routledge.com/languageandcommunication) portal

this book explores the topics of english accents and pronunciation it highlights their connections with several important issues in the study of english in the world including intelligibility identity and globalization the unifying strand is provided by english pronunciation models what do these models consist of and why the focus on pronunciation teaching is combined with sociolinguistic perspectives on global english and the wider question asked by the book is what does it mean to teach english pronunciation in a globalized world the book takes hong kong asia s world city as a

case study of how global and local influences interact and of how decisions about teaching need to reflect this interaction it critically examines existing approaches to global english such as world englishes and english as a lingua franca and considers their contributions as well as their limitations in the hong kong context a data based approach with quantitative and qualitative data anchors the discussion and assists in the development of criteria for the contents of pronunciation models english pronunciation models in a globalized world accent acceptability and hong kong english discusses among other issues global english a socio linguistic toolkit accents and communication intelligibility in global english teaching english pronunciation the models debate somewhere between accent and pronunciation in hong kong researchers and practitioners of english studies and applied linguistics will find this book an insightful resource

this book offers a critical interpretation of how the meta linguistic lplp discourse of major arabic language academies from the turn of the twentieth century until the present day continuously burden language with extra linguistic sociopolitical meanings making it a proxy for the protracted courses of national identity negotiation counter peripheralisation in the modern world system and modernisation integrating theories of language symbolism language indexicality lplp habitus banal nationalism world system and perspectives of critical discourse analysis the book develops our understanding of the phenomenon and mechanism of the entanglement between language ideology and sociopolitical change in the arabic speaking world and beyond

this collection offers a cross disciplinary exploration of the ways in which multilingual practices were embedded in early modern european literary culture opening up a dynamic dialogue between contemporary multilingual practices and scholarly work on early modern history and literature the nine chapters draw on translation studies literary history transnational literatures and contemporary sociolinguistic research to explore how multilingual practices manifested themselves across different social cultural and institutional spaces the exploration of a diverse range of contexts allows for the opportunity to engage with questions around how individual practices shape national and transnational language practices and literatures the impact of multilingual practices on identity formation and their implications for creative innovations in bilingual and multilingual texts taken as a whole the collection paves the way for future conversations on what early modern literary studies and present day multilingualism research might learn from one another and the extent to which

historical texts might supply precedents for contemporary multilingual practices this book will be of particular interest to students and scholars in sociolinguistics early modern studies in history and literature and comparative literature

the routledge handbook of spanish in the global city brings together contributions from an international team of scholars of language in society to offer a conceptual and empirical perspective on spanish within the context of 15 major cosmopolitan cities from around the world with a unique focus on spanish as an international language each chapter questions the traditional and modern notions of language place and identity in the urban context of globalization this collection of new perspectives on the sociology of spanish provides an insightful and invaluable resource for students and researchers seeking to explore lesser known areas of sociolinguistic research

this book explores language ideologies in china which encounters the unprecedented global spread of english as a lingua franca against the backdrop of globalisation where china emerges as a rapidly developing economy with vigorous promotion of chinese around the world the book addresses chinese speakers ideologies in relation to elf and provides insights into non native english speakers engagement in the development of english in the future

this second edition of classroom discourse analysis continues to make techniques widely used in the field of discourse analysis accessible to a broad audience and illustrates their practical application in the study of classroom talk ideal for upper level undergraduate and graduate students in discourse analysis applied linguistics and anthropology and education grounded in a unique tripartite dimensional approach individual chapters investigate interactional resources that model forms of discourse analysis teachers may practice in their own classrooms while other chapters provide students with a thorough understanding of how to actually collect and analyse data the presence of a number of pedagogical features including activities and exercises and a comprehensive glossary help to enhance students understanding of these key tools in classroom discourse analysis research features new to this edition reflect current developments in the field including increased coverage of peer interaction in the classroom greater connecting analysis to curricular and policy mandates and standards based reform movements sample excerpts from actual student classroom discourse analysis assignments a new chapter on the repertoire approach an increasingly popular method of analysis of particular relevance to today s multilingual classrooms
