the origin of life on earth is the basic view of the world s concept at present its origin and development are treated either from the scientific evolutionary theory points of view or religious mythological ones at the same time the evolutionary theory fails to provide grounded explanations to a lot of events which have happened and are observed in nature the data related to the complexity of life processes genetic programming and many biology and palaeontological facts cast doubt on the possibility of spontaneous occurrence of protein organisms during evolutionary transformations they indicate that the protein life development occurred in the direction of the planned improvement through the complex technology s implementation which requires specific scientific knowledge therefore the necessity to formulate the new technological concept of the life appearance on earth which is provided by the given book has occurred it summarizes numerous well known facts which are being interpreted as the result of the highly developed civilization technological developments the stated views have more grounds for existence than the evolutionary theory and biblical ideas about the divine creation of the world the fact that society treats all the ideas of the life creation as religious ones and that they are used by the theologians turns out to be the

ideological problem the book is aimed at overcoming the barrier of such non perception the analysis performed allows the reader to understand in which cases random events occur and in which ones there is a logical purposeful intelligent activity the result of which is the development of self replicating protein organisms programmed to perform the work necessary to meet the needs of their creators on earth reflections on the possible material nature of the highly developed mind carriers are given according to the author a human being is not a passive observer of random evolutionary changes in nature but has his mission in the artificially developed system of energy supply of earth along with other protein organisms if the protein world including humans has been created for a specific purpose then mankind must not violate its implementation and should follow its mission a new worldview should introduce changes in the main mankind s activity spheres science politics religion and the human being s personal life the book is designed for a wide range of readers of various specialties conceptually it is important for people who do not share the evolutionary theory provisions and existing religious beliefs

a one of a kind teacher shares her creative ideas for helping students get the most out of their school year illustrations
