wiring diagrams form a kind of graphical language that describes operations or processes with multiple inputs and outputs and shows how such operations are wired together to form a larger and more complex operation this monograph presents a comprehensive study of the combinatorial structure of the various operads of wiring diagrams their algebras and the relationships between these operads the book proves finite presentation theorems for operads of wiring diagrams as well as their algebras these theorems describe the operad in terms of just a few operadic generators and a small number of generating relations the author further explores recent trends in the application of operad theory to wiring diagrams and related structures including finite presentations for the propagator algebra the algebra of discrete systems the algebra of open dynamical systems and the relational algebra a partial verification of david spivak's conjecture regarding the quotient freeness of the relational algebra is also provided in the final part the author constructs operad maps between the various operads of wiring diagrams and identifies their images assuming only basic knowledge of algebra combinatorics and set theory this book is aimed at advanced undergraduate and graduate students as well as researchers working in operad theory and its applications numerous illustrations examples and practice exercises are included making this a self contained volume suitable for self study

nickajack dam was built by tva in the mid 1960 s at tennessee river mile 424 7 to replace the old and leaking hales bar dam located 6 4 miles upstream the nickajack site is located in marion county tennessee 18 air miles west of chattanooga and about 2 miles northwest of the junction of the alabama georgia tennessee state lines historically the ancient indian town of nickajack was located at shellmound about a mile and a half upstream from the dam on the left

bank of the reservoir nickajack was inhabited by the cherokees as early as 1730 in 1784 the warlike chief dragging canoe who had earlier broken with the cherokees launched his marauding chickamaugas from the town and used the nearby nickajack cave as a hideout later during the civil war saltpeter was mined in the cave for confederate gunpowder
