the third edition of the social studies curriculum thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies by connecting the diverse elements of the social studies curriculum history education civic global and social issues the book offers a unique and critical perspective that separates it from other texts in the field this edition includes new work on race gender sexuality critical multiculturalism visual culture moral deliberation digital technologies teaching democracy and the future of social studies education in an era marked by

efforts to standardize curriculum and teaching this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences and making them the target of inquiry

designed for use in elementary and secondary social studies education courses this book supports the teaching of social studies methods in a range of educational settings by highlighting long standing content and principles of social studies education in a concise and direct way this volume offers the building blocks of a comprehensive course for use as springboards to the effective presentation of professors desired course emphases with sections on foundations subject areas and best practices this text explains the intersection between the modelling role of social studies teachers as democratic citizens social studies fields of study and strategies implemented in the classroom to encourage students critical thinking and values formation

offering a fresh take on the purpose of social studies today james a duplass positions philosophical counseling as a way for teachers to engage students in thinking deeply about what it means to be a citizen in a democratic society the idea of a social studies education takes a uniquely humanistic approach to the idea of a social studies education to show how teachers can act as philosophical counselors in preparing students for active civic engagement duplass reminds the reader of the needs of students in modern society who seek to develop an identity worth living and the role social studies can play in students achieving that process by focusing on the cultivation of students autonomy authenticity efficacy and agency duplass approach avoids political biases and instead encourages critical thinking to decipher what a democratic ideology truly is

this book focuses on multicultural curriculum transformation in social students and civic education subject areas the discussion of each area outlines critical considerations for multicultural curriculum transformation for the area by grade level and then by eight organizing tools including content standards relationships with and among students and their families and evaluation of student learning and teaching effectiveness the volume is designed to speak with pk 12 teachers as colleagues in the multicultural curriculum transformation work readers are exposed to things to think about but also given curricular examples to work with or from in going about the actual concrete work of curriculum change this work supports pk 12 teachers to independently multiculturally adapt existing curriculum to create new multicultural curriculum differentiated by content areas and grade levels and by providing ample examples of what such multicultural transformed social studies and civic education curricula looks like in practice

the wiley handbook of social studies research is a wide ranging resource on the current state of social studies education this timely work not only reflects on the many recent developments in the field but also explores emerging trends this is the first major reference work on social studies education and research in a decade an in depth look at the current state of social studies education and emerging trends three sections cover foundations of social studies research theoretical and methodological frameworks guiding social studies research and current trends and research related to teaching and learning social studies a state of the art guide for both graduate students and established researchers guided by an advisory board of well respected scholars in social studies

education research

elementary aged children are often positioned as not developmentally ready to learn about race racism and injustice yet the classroom materials used in most schools misrepresent history withhold knowledge about racial injustice or fail to uplift stories of resilience and resistance for almost a decade this groundbreaking resource has been one of the most highly used textbooks in justice oriented social studies methods courses for grades 3 8 the author has thoroughly revised her bestseller to provide additional lessons that are more deeply situated within the current context of converging pandemics covid 19 racism and impending environmental catastrophe grounded in the daily realities of public schools agarwal rangnath shows teachers how to use primary and other sources that will offer students new ways of thinking about history while meeting language arts standards for information text proficiency and critical thinking educators will also learn how to teach language arts and social studies as complementary subjects new for the second edition more concrete connections between theory and practice additional lesson examples that are centered in today s context of converging pandemics reflection questions that challenge readers to think about ways to navigate curricular constraints and standardization in the classroom

in many elementary classrooms social studies has taken a back seat to english language arts and mathematics in the wake of no child left behind and race to the top this volume is not another hand wringing lament on the contrary the elementary educators who have contributed to this volume have a positive set of stories to tell about how social studies can play a central role in the elementary classroom how teachers can integrate social studies knowledge and skills throughout the school day and how this learning can carry over into children s homes and communities the seven case studies in this book one at each elementary grade level highlight exemplary teachers in whose classrooms social studies is alive and well in this age of accountability at the end of each case study each teacher provides advice for elementary teachers of social studies our hope is that elementary teachers and prospective teachers elementary principals social studies supervisors staff developers and professors of elementary social studies methods who study the stories that we tell can be empowered to return social studies to its rightful place in the curriculum

over the past decade the world has experienced a major economic collapse the increasing racial inequity and high profile police killings of unarmed black and brown people the persistence of global terrorism a large scale refugee crisis and the negative impacts of global warming in reaction to social instability there are growing populist movements in the united states and across the world which present major challenges for democracy concurrently there has been a rise of grassroots political movements focused on increasing equity in relation to race gender class sexual orientation and religion the role of social studies teachers in preparing the next generation of democratic citizens has never been more important and the call for more social studies teacher educators to help teachers address these critical issues only gets louder this volume examines how teacher educators are or are not supporting beginning and experienced social studies teachers in such turbulent times and it offers suggestions for moving the field forward by better educating teachers to address growing local national and global concerns in their chapters authors in social studies education present research with implications for practice related to the

following topics race gender sexual orientation immigration religion disciplinary literacy global civics and social justice this book is guided by the following overarching questions what can the research tell us about preparing and developing social studies teachers for an increasingly complex interconnected and rapidly changing world how can we educate social studies teachers to teach against the grain cochrane smith 1991 2001b centering their work on social justice social change and social responsibility

this second edition of teaching social studies today has been updated to reflect the latest research and today's best practices in social studies instruction authored by kathleen kopp this invaluable resource focuses on implementing social studies instruction with a language arts instructional lens it addresses effective research supported ways to differentiate instruction as well as how curriculum can be extended accelerated and enriched for the c3 framework packed with various teaching methods and techniques up to date research based theory and practical applications and easy to implement strategies and techniques this book is essential reading for both novice and seasoned teachers

this unique contribution is both a wonderful source of teaching ideas and a reminder that authentic learning involves engaging experiences that encourage inquiry dan thompson assistant professor of education penn state university educators are always looking for interesting activities that challenge students to think beyond the ordinary the authors have done a great job of compiling a variety of activities for different subject areas india meissel social studies and english teacher lakeland high school suffolk va encourage critical thinking while teaching meaning through learning experiences learning in secondary school classrooms involves much more than students reciting the right answers on high stakes tests this activity packed book encourages educators to move beyond traditional models of teaching and learning and provides them with the tools for getting started 100 experiential learning activities for social studies literature and the arts grades 5 12 focuses on using active learning to engage students in critical thinking and reflection about complex content knowledge in the humanities and the arts through easy to use matrices the authors link lessons investigating history economics literature music and visual arts to mcrel ncte and ncss standards the 100 activities address significant social issues including social justice culture language and diversity teachers can emphasize comprehension encourage creative thinking and promote transfer across disciplines to help students explore primary sources to uncover practical and relevant information construct careful arguments to integrate new learning with prior knowledge question deeply held assumptions to arrive at authentic understandings approach new ideas with confidence take your students through meaningful learning experiences and make knowledge come alive

everything parents need to help their kids succeed in social studies the only comprehensive social studies skill building series available the get ready for social studies series equips proactive parents with the tools they need to help their children develop the core skills required to perform at grade level in social studies related subjects organized chronologically from pre history to the present this guide illustrates the developments in all parts of the world during each major time period including historical events and related economic developments as well as movements in art science technology and human thought

the sage handbook of research on classroom assessment provides scholars professors graduate students and other researchers and policy makers in the organizations agencies testing companies and school districts with a comprehensive source of research on all aspects of k 12 classroom assessment the handbook emphasizes theory conceptual frameworks and all varieties of research quantitative qualitative mixed methods to provide an in depth understanding of the knowledge base in each area of classroom assessment and how to conduct inquiry in the area it presents classroom assessment research to convey in depth the state of knowledge and understanding that is represented by the research with particular emphasis on how classroom assessment practices affect student achievement and teacher behavior editor james h mcmillan and five associate editors bring the best thinking and analysis from leading classroom assessment researchers on the nature of the research making significant contributions to this prominent and hotly debated topic in education

this book examines the relationship between teacher theorizing and teacher action as illustrated by the curricular and instructional practices of teachers the authors show that all teaching is guided by theory developed by the teachers teachers could not begin to practice without some knowledge of the context of their practice and without ideas about what can and should be done in those circumstances in this sense teachers are guided by personal practical theories that structure their activities and guide them in making decisions this literature is very significant in explaining and interpreting many phenomena of schooling such as why teachers alter curriculum documents and other policies how inservice education can be improved how supervisors can help teachers to improve their practices and how administrators can become leaders to improve education this perspective has broad and specific implications for every facet of education those interested in teacher education and development in supervision in curriculum and in administration will find it especially relevant

you became a school leader after succeeding in your particular content area and or grade level now you re responsible for the entire school you are accountable for everything that goes on including results from those who teach outside your areas of original expertise supervision across the content areas provides tools and strategies to help you effectively supervise all of your teachers including those in contents areas or grade levels in which you may not have had personal classroom experience while focusing on four key content areas mathematics science english language arts and social studies this book also provides supervision tools for other content areas foreign languages fine arts physical education etc also included are tools and strategies to help you supervise teachers who use instructional strategies such as differentiated instruction socratic seminars cooperative learning and inquiry apply local and national standards to frame your instructional program ensure accountability of teachers who use multiple intelligences brain based learning and other innovations
