the resurgence of strong radical right wing parties and movements constitutes one of the most significant political changes in democratic states during the past several decades particularly in europe the radical right s comeback has notably attracted interest from political scientists sociologists and historians although the majority of past research focuses on party and electoral politics in contrast the oxford handbook of the radical right not only covers existing literature but also shows how the radical right forms movements rather than parties editor jens rydren has gathered an international cast of contributors to cover concepts and definitions ideologies and discourses and a range of contemporary issues such as religion globalization gender and activism further this volume is one of few to provide a number of cases focusing on areas outside of europe including russia the us australia israel and japan by integrating various strands of scholarship on the radical right that covers different regions and different research perspectives this handbook provides an authoritative and state of the art overview of the topic and will set the agenda for scholarship on the radical right for years to come

this book shows that the security economic political and social problems challenging national security democracy and good governance currently in nigeria would get better or worse depending on what happens to the 71 percent of nigerias population still living below the poverty line this is in spite of the billions of petrodollars that nigeria garnered as revenue over the past few decades it reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future it concludes however that under such intense pressures the government of nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in nigeria these are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use there is this perception that nigerians dont write and read this perception is deep seated even among intellectuals who see our authors as shallow researchers but dr dan mou has debunked that myth and shown that nigerians can write well researched and detailed books it is quite prophetic in its assessment of the nigerian state agbo agbo deputy editor the nation dr dan mou has proven himself a world class scholar and an intellectual colossus his reputation as an internationally renowned public policy expert has continued to soar i congratulate him for these remarkable achievements professor justice abdul fatai kuti first justice of abuja high court and former dean faculty of law university of ado ekiti ekiti state of nigeria dr mou is certainly one of the best scholars we have on the african continent as an educationist myself before i became a traditional ruler i agree totally with his analysis and conclusions i share the optimism dr mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes nigeria and indeed africa would be able to solve most of these challenges hrh alh dr sheban audu nizazo iii etsu kwali etsu kwalis palace abuja nigeria

the first book length application of game theory to canadian politics it uses a series of case studies taken from real life political situations to illustrate fundamental concepts of game theory

decision making within the eu has moved to a third regional level of government emerging in the eu policy process alongside the first union and second

member state levels multi level governance can increasingly be identified these papers describe and analyse this third level

this book presents a systematic in depth and comparative analysis of the role of the eu in the process of international state building and is one of the first comprehensive books to do so at an international level taking the case of kosovo it examines the eu s role in the birth of a state in comparison to other international actors from 1999 to 2008 and moves on to analyse the eu s role in norm diffusion in the post independence period 2008 2020 throughout the book the author draws parallel analyses with broader debates and scholarly literature regarding the eu s role as a state builder or norm diffuser combining a liberal peace thesis framework with the normative power europe npe approach it analyses how successful the eu and other international actors were in the diffusion of tangible and normative impacts in the process of state building in kosovo 1999 2008 along with the eu s diffusion of normative impact from 2008 to 2020 finally it scrutinises the role of the eu and other international actors in the processes of state building through transference tools funding and overt tools political role this book will be of key interest to scholars and students of eu foreign policy european politics peace and conflict studies the western balkans state building international organisations and more broadly to international relations

the european union is composed of its fifteen member governments yet these governments have chosen repeatedly to delegate executive judicial and legislative powers and substantial discretion to supranational institutions such as the commission the court of justice and the european parliament in the engines of european integration the first full length study of delegation in the european union and international politics mark pollack draws on principal agent analyses of delegation agency and agenda setting to analyze and explain the delegation of powers by governmental principals to supranational agents and the role played by those agents in the process of european integration in the first part of the book pollack analyses the historical and functional patterns of delegation to the commission the court of justice and the parliament suggesting that delegation to the first two is motivated by a desire to reduce the transaction costs of eu policymaking as predicted by principal agent models while delegation of powers to the parliament fits poorly with such models and primarily reflects a concern by member governments to enhance the democratic legitimacy of the union the second part of the book focuses on the role of supranational agents in both the liberalization and the re regulation of the european market and suggests that the commission court and parliament have indeed played a causally important role alongside member governments as the engines of integration but that their ability to do so has varied historically and across issue areas as a function of the discretion delegated to them by the member governments

in twelve essays influential scholars in political science explore the meaning of political leadership from the kaleidoscopic perspectives of the leaders institutions goals procedures problems and traditions involved the approaches as varied as the subject itself coalesce around the central question of how leaders interact with transform or are controlled by the organizations they lead

how have national identities changed developed and reacted in the wake of transition from communism to democracy in central and eastern europe central and eastern europe after transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional

phase of the post communist area and considers their impact on constitutions democracy and legal culture with representative contributions from older and newer eu members the book provides a broad set of cultural points for reference its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the central eastern european countries transitions
