the lives of three australian children are cruelly affected when a bushfire known as the february dragon sweeps across the countryside

this volume is a theoretically informed comparative analysis of the telecommunications and information policy making process in two major developing economies china and india with a focus on how policies are made rather than what those policies are the book investigates how policy actors interact within institutional structures to define policy problems and identify potential solutions the authors explain the evolution of these policy making systems as the two countries liberalized their economies and opened their media and telecommunications systems to competition over the past two and a half decades with applications in numerous international contexts this book will be of interest to scholars and practitioners in public policy studies telecommunications business development economics political science asian studies and public administration

a decade after the publication of the first international handbook on the demography of sexuality there have been fundamental shifts in how we measure sexual and gender identities and the breadth of available population level sexuality data the chapters in this second edition of this handbook provide guidance on methodological approaches involved in studying population sexuality as well as insight into the ways that sexuality shapes key demographic outcomes chapters examine how we measure sexual identities and behaviors on surveys sexuality changes across the life course international perspectives on sexual behaviors and identities and the ways that sexual identities shape families labor market experiences and health outcomes despite these developments we still know relatively little about key demographic

questions related to fertility and migration for sexual minorities as well as about understudied topics of sexuality that fall outside of risk focused analyses in particular much of our understanding of sexuality has been motivated by controlling the spread of sexually transmitted infections or adolescent pregnancies rather than understanding motivations for sexual interactions such as pleasure accordingly although the research set forth in this book provides insight into existing knowledge of sexual behavior and of sexual minority populations the chapters also point researchers and policymakers toward needed areas of research and data collection

in association with international african institute royal african society and social science research council
