in recent decades life imprisonment without the possibility of parole lwop has developed into a distinctive penal form in the united states one firmly entrenched in us policy making judicial and prosecutorial decision making correctional practice and public discourse lwop is now a routine practice but how it came to be so remains in question fifty years ago imprisonment of a person until death was an extraordinary punishment today it accounts for the sentences of an increasing number of prisoners

in the united states what explains the shifts in penal practice and social imagination by which we have become accustomed to imprisoning people until death without any reevaluation or expectation of release combining a wide historical lens with detailed state and institutional level research death by prison offers a provocative new foundation for questioning this deeply problematic practice that has escaped close scrutiny for too long

challenging assumptions about caregiving for those dying of chronic illness what is it like to live with and love someone whose death while delayed is nevertheless foretold in living in death s shadow emily k abel an expert on the history of death and dying examines memoirs written between 1965 and 2014 by family members of people who died from chronic disease in earlier eras death generally occurred quickly from acute illnesses but as chronic disease became the major cause of mortality many people continued to live with terminal diagnoses for months and even years illuminating the excruciatingly painful experience of coping with a family member s extended fatal illness abel analyzes the political personal cultural and medical dimensions of these struggles the book focuses on three significant developments that transformed the experiences of those dying and their intimates the passage of medicare and medicaid the growing use of high tech treatments at the end of life and the rise of a movement to humanize the care of dying people it questions the exalted value placed on acceptance of mortality as well as the notion that it is always better to die at home than in an institution ultimately living in death s shadow emphasizes the need to shift attention from the drama of death to the entire course of a serious chronic disease the chapters follow a common narrative of life threatening disease learning the diagnosis deciding whether to enroll in a clinical trial acknowledging or struggling against the limits of medicine receiving care at home and in a hospital or nursing home and obtaining palliative and hospice care living in death s shadow is essential reading for everyone seeking to understand what it means to live with someone suffering from a chronic fatal condition including cancer aids alzheimer s and heart disease

previously published in yule log murder christmas in coastal maine can seem picture perfect until murder ruins the scenery hayley powell s holidays aren t off to a very merry start not only has her daughter brought conner an infuriatingly perfect new beau home to bar harbor but a local troublemaker has been found dead with traces of her signature yule log cake on his body as conner becomes the prime murder suspect hayley must put aside her mixed feelings to identify the real killjoy

england has traditionally been understood as a latecomer to the use of forensic medicine in death investigation lagging nearly two hundred years behind other european authorities using the coroner s inquest as a lens this book hopes to offer a

fresh perspective on the process of death investigation in medieval england the central premise of this book is that medical practitioners did participate in death investigation although not in every inquest or even most and not necessarily in those investigations where we today would deem their advice most pertinent the medieval relationship with death and disease in particular shaped coroners and their jurors understanding of the inquest s medical needs and led them to conclusions that can only be understood in context of the medieval world s holistic approach to health and medicine moreover while the english resisted southern europe s penchant for autopsies at times their findings reveal a solid understanding of internal medicine by studying cause of death in the coroners reports this study sheds new light on subjects such as abortion by assault bubonic plague cruentation epilepsy insanity senescence and unnatural death

this handbook consists of 21 new essays on the nature and value of death the relevance of the metaphysics of time and personal identity for questions about death the desirability of immortality and the wrongness of killing

nearly ten years after the first edition of water related death investigation practical methods and forensic applications water death cases continue to be improperly investigated the pathologist s report can determine the cause of death as a drowning but the manner of death is the most challenging to prove the report will not determine if a victim jumped into the water to commit suicide fell into the water accidentally or was pushed in as a homicidal act many drowning cases do not reflect injury to the body so evidence collected at the scene plays a vital role the importance of an on scene body assessment cannot be overemphasized often the body evidence begins to change rapidly upon recovery and may not be present during an autopsy written statements on the scene are an effective tool to use to determine the accuracy of information given to arriving officers these statements need to be written by the witnesses themselves as well as the reporting person the show me technique can also help reveal discrepancies in a person s version of what occurred as well as aid in providing the most details to an incident as is humanly possible this second edition includes updated information on the latest technology to assist water death investigators paragon snapshot can help determine the faceless identity of skeletal remains and help locate potential suspects using the science of dna drones can aid in locating missing persons as well as human remains even months after death updated information is provided regarding fingerprints from submerged objects and carbon 14 can help determine the origin of a found corpse key features thoroughly reviews the physiological aspects of drowning reveals the investigative characteristics inherent to various scenes of water related deaths highlights certain red flag indicators that may point to foul play or scene staging outlines autopsy protocols trial preparation and expert witness testimony provides numerous case studies and numerous illustrations

to further clarify key points presented in the text coauthored by a master water death investigator and an experienced forensic pathologist water related death investigation practical methods and forensic applications second edition merges the essentials of evidence collection and field investigation with autopsy best practices and laboratory testing it will continue to serve as a valuable resource for the various professionals involved in these cases

with an aging population declining marriage and childbirth rates and a rise in single households more japanese are living and dying alone many dead are no longer buried in traditional ancestral graves where descendants would tend their spirits and individuals are increasingly taking on mortuary preparation for themselves in being dead otherwise anne allison examines the emergence of new death practices in japan as the old customs of mortuary care are coming undone she outlines the proliferation of new industries services initiatives and businesses that offer alternative means ranging from automated graves collective grave sites and crematoria to one stop mortuary complexes and robotic priests for tending to the dead these new burial and ritual practices provide alternatives to long standing traditions of burial and commemoration of the dead in charting this shifting ecology of death allison outlines the potential of these solutions to radically reorient sociality in japan in ways that will impact how we think about the end of life identity tradition and culture in japan and beyond
