this fully revised and updated second edition of learning through touch is essential reading for practitioners who support learners with multiple disabilities and vision impairment these learners will rely on support from their learning partners throughout their education to mediate their learning experiences the text explores the key role that touch plays in the education of these learners and provides practical advice about how to develop the skills through touch that they will need to become active agents in their own development the book reflects international initiatives that seek to ensure that people with disabilities have opportunities to take meaningful control within their learning and their lives key features include chapters that support curriculum access for learners with visual impairments reflections on up to date research studies and guidance for further reading throughout allowing for a strong conceptual foundation for practice portfolio activities designed to help implement effective learning opportunities within your own practice written to assist teachers and other professionals who support children with visual impairment and additional difficulties this text will appeal to professionals and students alike it is an invaluable resource for anyone looking to explore the role of touch in creating effective learning experiences

includes titles on all subjects some in foreign languages later incorporated into memorial library

31 references to books and reports pertinent to case management in diverse delivery environments alphabetical arrangement by titles each entry gives bibliographical information and abstracts list of authors

through their teaching of early christian history and theology elizabeth a clark contends princeton theological seminary harvard divinity school yale divinity school and union theological seminary functioned as america s closest equivalents to graduate schools in the humanities during the nineteenth century these four protestant institutions founded to train clergy later became the cradles for the nonsectarian study of religion at secular colleges and universities clark one of the world s most eminent scholars of early christianity explores this development in founding the fathers early church history and protestant professors in nineteenth century america based on voluminous archival materials the book charts how american theologians traveled to europe to study in germany and confronted intellectual currents that were invigorating but potentially threatening to their faith the union and yale professors in particular struggled to tame german biblical and philosophical criticism to fit american evangelical convictions

german models that encouraged a positive view of early and medieval christianity collided with protestant assumptions that the church had declined grievously between the apostolic and reformation eras trying to reconcile these views the americans came to offer some counterbalance to traditional protestant hostility both to contemporary roman catholicism and to those historical periods that had been perceived as catholic especially the patristic era
