hit the target of excellence and empower yourself to be a truly effective teacher aspiring new and veteran teachers will appreciate this strong collection of the best teaching practices for effectively reaching learners at all levels tied to the national board for professional teaching standards this easy to use guide targets comprehensive and trustworthy resources that emphasize the essentials of good teaching filled with handy resources and ideas for every teaching situation Elliott's book also exemplifies how best to combine strategies into your personal blended model Elliott applies a four step framework to each teaching model and strategy to ease implementation in the classroom plan outlines the stages and crucial elements of the model in action structure describes student and teacher roles and relationships teacher learner interaction demonstrates how the teacher can effectively work with learners outcomes describes how both instructional and nurturing outcomes are achieved by leading learners in certain directions teaching on target is the guide for today's creative teachers empowering them to apply these components artfully to achieve maximum learning outcomes while becoming the most effective instructor of the classrooms in which they serve

Teachers on Trial is a study of 260 case decisions in New York state which tenured teachers were charged with incompetence or conduct unbecoming a professional the author analyzes what in the deciders opinion constituted conduct unbecoming and incompetence and critiques the standards used in making determinations

This book examines representations of the teacher on stage in both theatrical performances and dramatic text in order to demonstrate how these representations have shaped society's perceptions of educators in and out of the classroom at the heart of this book is the interaction between theatre and teacher education by considering how dramatic portrayals reimagine reinforce and or undermine our understanding of the teacher's personal and professional roles this volume bridges the gap between truth in dramatic literature and truth in the classroom chapters critically explore the personas embodied by fictional teachers in well known works such as Educating Rita School of Rock and The History Boys and illustrate how educators might use dramatic literature and performance to interrogate entrenched ideas about the student teacher dynamic by bringing together a diverse set of contributors from the fields of teacher education and theatre this book takes a critical look at performance text society and culture to promote a new understanding of teaching and learning this unique book will be of great interest to graduate and postgraduate students academics and researchers in the fields of teacher education drama and theatre education

This work integrates the core instructional leadership tasks of all principals supervision evaluation and professional development the text demonstrates a hands on approach grounded in sound theory and rigorous research it provides both a conceptual frame and realistic exercises that today's principals and supervisors can use to improve their practice the book highlights observation tools that focus on high yield instructional strategies principals and supervisors are encouraged to collect data in classrooms and provide this instructional feedback so together with teachers they can reflect and identify areas for growth the models of supervision evaluation and professional development are research based and are consistent with contemporary challenges that confront

principals and others committed to improving instruction

this book presents in as clear a way as possible the new testament material dealing with women and their roles in the context of the movement Jesus began. Dr. Witherington begins by illustrating the roles of women in Judaism in the Hellenistic world and in the Roman Empire. She goes on to show how Jesus broke significantly with convention in the way he viewed women and their roles, offering as he did a wholly new conception of the legitimate rights of women in society. An analysis follows of the Apostle Paul's attitude toward women, which shows how he agreed with and differed from the ideas of his contemporaries. The concluding chapters discuss the evangelists, whose selection and presentation of material with respect to women casts much light on the early church's understanding of women and their roles. This comprehensive survey, which avoids slanting its material to serve a modern patriarchal or feminist bias, comes to the exciting conclusion that we can see in the New Testament an attempt to reform the patriarchal orientation of the day.

Written from an objective historical perspective, *A New History of Christianity* provides the best readable yet scholarly one-volume account of Christianity from its origins to the present day. Chapters cover Christian beginnings, the growth of the early Christian communities, the character of the medieval church, popular religion, the Protestant Reformation, the Catholic Reformation, the early modern church, the church in the nineteenth century, the church in war and peace, and the crisis of the modern church.

Early Childhood Studies: A Social Science Perspective explores key issues in early childhood studies from a variety of social science disciplines, including psychology, sociology, social policy, and education. Each chapter considers a different social science discipline, identifying, analysing, and critically assessing how that particular discipline enriches early years provision and research. User-friendly student features are included throughout, including icebreakers, introducing the main chapter themes, objectives, help readers to develop cognitive skills, moving from identifying to analysing to critically assessing, formative activities, encourage practical application of the content, case studies, ground theory in practice, research activities support those looking to take their understanding further, self-assessment questions allow readers to test their knowledge, further reading, references, and web links provide ideas for further exploration. An essential course companion for all early childhood studies undergraduate students.

The German theologian and religious reformer Martin Luther was the catalyst of the sixteenth-century Protestant Reformation. Luther set on course a movement that reformulated the basic tenets of Christian belief, resulting in the division of Western Christendom between Roman Catholicism and the new Protestant traditions. One of the most influential figures in the history of Christianity, Luther produced a wide body of works challenging the authority and office of the Pope by teaching that the Bible is the only source of divinely revealed knowledge. His landmark translation of the Bible into the German vernacular made religion more accessible to everyday people, having a tremendous impact on both the church and German culture. This comprehensive eBook presents Luther's collected works with numerous illustrations, rare texts, informative introductions, and the usual Delphi bonus material: Version 1, beautifully illustrated with images.
