this is a story of a medical sales representative who went on to become the ceo of a
pharmaceutical company within a span of 24 years this is the story of sheer resilience
guts and maneuvering adversaries with a positive progressive attitude and moving
ahead for success and enlightenment this all could be achieved from the education and
upbringing of parents who value investment in ethics when people fell and become prey
to ease at the crossroads there was this man paras sharma against the odds he took a
difficult path to tread and came out with an experience of his own to progress and
become an inspiration for others to keep moving the milestone of success may seem to
be far and difficult but it is achievable the adversaries and the situations strengthen
paras and give him experience thus from being a medical sales representative he
reached the pinnacle of success as he traveled to more than 70 countries across africa
asia and latin central americas by leading high performance teams globally gaining
experience and absorbing the essence of various cultures life is beyond worldly gains
real success is when one realizes and resolves the query who i am what am i here for and
why am i here finally all his successes were penned down in the form of a book when he
recuperated from a heart attack cabg bypass heart surgery at the age of 45 years and

had the beautiful divine experience of enlightenment after the nde near death experience while dangling from the tubes the enlightenment drives paras to play his karma even better in this second inning given by the almighty an interesting story must be read

in the mid 1980s the international development community helped launch what was to quickly become one of the most popular poverty reduction and local economic development policies of all time microcredit the system of disbursing tiny micro loans to the poor to help them to establish their own income generating activities was initially highly praised and some were even led to believe that it would end poverty as we know it but in recent years the microcredit model has been subject to growing scrutiny and often intense criticism the rise and fall of global microcredit shines a light on many of the fundamental problems surrounding microcredit in particular the short and long term impacts of dramatically rising levels of microdebt developed in collaboration with unctad this book covers the general policy implications of adverse microcredit impacts as well as gathering together country specific case studies from around the world to illustrate the real dynamics incentives and end results lively and provocative the rise and fall of global microcredit is an accessible guide for students academics policymakers and development professionals alike

the draft european constitution was arguably both an attempt to constitutionalise the union re framing that project in the language of the state and an attempt to stretch the boundaries of constitutionalism itself re imagining that concept to accommodate the sui generis european union the partial failure of this project is the subject of this collection of essays the collection brings together leading eu constitutional scholars to consider with the benefit of hindsight the purportedly constitutional character of the proposed constitutional treaty the reasons for its rejection by voters in france and the netherlands the ongoing implications of this episode for the european project and the lessons it teaches us about what constitutionalism really means

the british empire was one of the largest and most powerful empires in history at its peak it spanned the globe encompassing a quarter of the world s population the empire s legacy is complex and controversial but there is no doubt that it has had a profound impact on the world we live in today this book tells the story of the british empire from its origins in the early modern period to its decline and fall in the 20th century it is a story of conquest exploitation and oppression but it is also a story of progress innovation and cultural exchange the british empire was founded on a combination of military conquest

economic opportunism and political ambition the empire's early expansion was driven by the desire for wealth and power and its later expansion was motivated by a sense of duty and responsibility the empire's reach extended from the americas to africa from asia to australia its impact was felt in every corner of the globe the british empire was a complex and multifaceted phenomenon it was a source of great pride for many britons but it was also a source of oppression and exploitation for many others the empire's legacy is still debated today and there is no easy answer to the question of whether it was a force for good or for evil this book provides a comprehensive overview of the british empire from its origins to its fall it examines the empire's positive and negative aspects and it considers its impact on the world this book is an essential read for anyone who wants to understand the history of the british empire and its legacy in this book you will learn the factors that led to the creation of the british empire the challenges the empire faced the impact the empire had on the world the empire's legacy both positive and negative the lessons we can learn from the empire's history this book is a valuable resource for students scholars and anyone interested in the history of the british empire if you like this book write a review

drawing on a unique archive spanning the lifetime of twenty council estate projects in the uk and using hundreds of resident voices this book reveals the secrets of council housing's failures and successes and the reasons for them bringing to light the complex variety of the lived experiences of residents it shows how estate pathways were predetermined by factors such as location design and date as well as by their local and national social economic and political contexts the book highlights what can be learned from some of the successes of less successful housing projects and provides lessons for building sustainable communities in the twenty first century

how wall street concocted a more volatile and dangerous capitalism the fall and rise of american finance traces the collapse and reconstitution of american financial power from the disintegration of robber baron j p morgan's vast empire to the rise of finance behemoth blackrock contrary to what is taken for common sense by figures from hillary clinton to bernie sanders maher and aquanno insist that financialization did not imply the hollowing out of the real economy or the retreat of the state rather it served to intensify competitive discipline to maximize efficiency profits and the exploitation of labor with the support of an increasingly authoritarian state

during the 1970s monetarism and the new classical macroeconomics ushered in an era of neoliberal economic policymaking keynesian economics was pushed aside it was almost forgotten that when keynesian thinking had dominated economic policymaking in the middle decades of the twentieth century it had coincided with postwar economic reconstruction in both europe and japan and the unprecedented prosperity and stable growth of the 1950s and 1960s the global financial crisis of 2007 2009 and the recession that followed changed all that influential voices in both academic economics and amongst policy makers and commentators began to remind us how useful keynesian ways of thinking could be especially in coming to terms with our current economic predicaments when politicians across the globe were confronted with economic crisis they introduced pragmatic and workable measures that bore all the hallmarks of keynesianism this book is about the fall and rise of keynesian economics eatwell and milgate range widely across the landscape that defines their subject matter they consider how powerful keynesian ideas can be when applied to past and present economic problems they show how helpful these ideas are in explaining why we came to find ourselves in the disorder we are in they examine where and how the analytical and methodological foundations of conventional macroeconomic wisdom went wrong they set out a blueprint for an alternative that provides a clearer more consistent and more applicable approach to understanding how markets work they also highlight the

interpretive shortcomings that have come to characterize keynes scholarship itself they do all of this within the context of a provocative reconsideration of some of the most pressing economic problems that confront financial markets and the global economy today they conclude that keynesian ideas are not just for crises but for constructive economic policy making at all times

the fall and rise of american finance traces the collapse and reconstitution of american financial power from the disintegration of robber baron j p morgan s vast empire to the rise of finance behemoth blackrock contrary to what is taken for common sense by figures from hillary clinton to bernie sanders maher and aquanno insist that financialization did not imply the hollowing out of the real economy or the retreat of the state rather it served to intensify competitive discipline to maximize efficiency profits and the exploitation of labor with the support of an increasingly authoritarian state

ryan focuses on four broad issue areas the organization and role of the state sector price policy relations with the bourgeoisie and agrarian reform the interactions between these issue areas and between the technical and political contradictions they reveal demonstrate the complexity of choices faced by the sandinista leadership the fall and rise of the market in sandinista nicaragua will engage those with an interest in not only latin american and development studies but also socialist politics

the book contains a collection of papers dealing with the question of how rhythm shapes language until now there was no comprehensive theory that addressed these findings adequately by bringing together researchers from many different fields this book will make a first attempt to fill this gap

fall and rise is an inspiring guide that blends real world business insights with personal growth lessons written by seasoned leader vivek mohile the book shares his journey of overcoming failures building resilience and rising stronger from setbacks packed with strategies for career success leadership and emotional strength it empowers readers to embrace challenges take smart risks and turn failures into powerful comebacks perfect for professionals and anyone seeking long term growth in both life and work

this book is a sociolinguistic examination of the russian speech of the american third wave the migration from the soviet union which began in the early 1970s under the policy of détente within the framework of bilingualism and language contact studies it examines developments in emigré russian with reference to the late cold war period which shaped them and the post soviet era of today the book addresses matters of interest not only to russianists but to linguists of various theoretical persuasions and to sociologists anthropologists and cultural historians working on a range of related topics no knowledge of the russian language is assumed on the part of the reader and all linguistics examples are presented in standard transliteration and fully explicated
