despite its rough and tumble image chicago has long been identified as a city where books take center stage in fact a volume by a j liebling gave the second city its nickname uptown sinclair s the jungle arose from the midwestern capital s most infamous industry the great chicago fire led to the founding of the chicago public library the city has fostered writers such as nelson algren saul bellow and gwendolyn brooks chicago s literary magazines the little review and poetry introduced the world to eliot hemingway joyce and pound the city s robust commercial printing industry supported a flourishing culture of the book with this beautifully

produced collection chicago's rich literary tradition finally gets its due. *Chicago by the Book* profiles 101 landmark publications about Chicago from the past 170 years that have helped define the city and its image. Each title carefully selected by the Caxton Club, a venerable Chicago bibliophilic organization, is the focus of an illustrated essay by a leading scholar, writer, or bibliophile, arranged chronologically to show the history of both the city and its books. The essays can be read in order, from Mrs. John H. Kinzie's 1844 narrative of the massacre of Chicago to Sara Paretsky's 2015 crime novel *Brush Back*, or one can dip in and out, savoring reflections on the arts, sports, crime, race, relations, urban planning, politics, and even Mrs. O'Leary's legendary cow. The selections do not shy from the underside of the city, recognizing that its grit and graft have as much a place in the written imagination as soaring odes and boosterism. As Neil Harris observes in his introduction, even when Chicagoans celebrate their hearth and home, they do so while acknowledging deep-seated flaws. At the same time, this collection heartily reminds us all of what makes Chicago as Norman Mailer called it, the great American city. With essays from, among others, Ira Berkow, Thomas Dyja, Ann Durkin Keating, Alex Kotlowitz, Toni Preckwinkle, Frank Rich, Don Share, Carl Smith, Regina Taylor, Garry Wills, and William Julius Wilson, and featuring works by Saul Bellow, Gwendolyn Brooks, Sandra Cisneros, Clarence Darrow, Erik Larson, David Mamet, Studs Terkel, Ida B. Wells, Barnett Frank, Lloyd Wright, and many more.

The inauguration of Robert Maynard Hutchins as the fifth president of the University of Chicago in 1929 coincided with a drastically changed social and economic climate throughout the world, and Hutchins himself opened an era of tumultuous reform and debate within the university. In the midst of the changes Hutchins started and the intense feelings they stirred, William H. McNeill arrived at the university to pursue his education. In *Hutchins University*, he tells what it was like to come of age as a undergraduate in those heady times. Hutchins' scathing opposition to the departmentalization of learning and his resounding call for reforms in general education sparked controversy and fueled debate on campus, and off it became a struggle for the heart

and soul of higher education and mcneill as a student and then as an instructor was a participant his account of the university s history is laced with personal reminiscences encounters with influential fellow scholars such as richard mckeeon r s crane and david daiches and details drawn from hutchins papers and other archives mcneill sketches the interplay of personalities with changing circumstances of the depression war and postwar eras but his central concern is with the institutional life of the university showing how student behavior staff and faculty activity and even the hyde park neighborhood all revolved around the charismatic figure of robert maynard hutchins shaped by him and in reaction against him successive transformations of the college and the tribulations of the ideal of general or liberal education are central to much of the story but the memoir also explores how the university was affected by such events as red scares the remarkably successful round table radio broadcasts the abolition of big time football and the inauguration of the nuclear age under the west stands of stagg field in 1942 in short hutchins university sketches an extraordinarily vibrant period for the university of chicago and for american higher education it will revive old controversies among veterans from those times and may provoke others to reflect anew about the proper role of higher education in american society
