this major new global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward using their thematic and regional expertise the authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in europe asia the middle east africa and the americas they focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of

international politics over the past one hundred years among the areas this book covers are the decline of european hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in asia and africa the course and consequences of the three major global conflicts of the twentieth century the great war the second world war and the cold war this is an absolutely essential book in the study of twentieth century history students will find themselves lacking without it

an intellectual feast learned lucid challenging and accessible san francisco chronicle ideas crackle in this triumphant final book of tony judt taking readers on a wild ride through the ideological currents and shoals of 20th century thought los angeles times the final book of the brilliant historian and indomitable public critic tony judt thinking the twentieth century maps the issues and concerns of a turbulent age on to a life of intellectual conflict and engagement the twentieth century comes to life as an age of ideas a time when for good and for ill the thoughts of the few reigned over the lives of the many judt presents the triumphs and the failures of prominent intellectuals adeptly explaining both their ideas and the risks of their political commitments spanning an era with unprecedented clarity and insight thinking the twentieth century is a tour de force a classic engagement of modern thought by one of the century s most incisive thinkers the exceptional nature of this work is evident in its very structure a series of intimate conversations between judt and his friend and fellow historian timothy snyder grounded in the texts of the time and focused by the intensity of their vision judt s astounding eloquence and range are here on display as never before traversing the complexities of modern life with ease he and snyder revive both thoughts and thinkers guiding us through the debates that made our world as forgotten ideas are revisited and fashionable trends scrutinized the shape of a century emerges judt and snyder draw us deep into their analysis making us feel that we too are part of the conversation we become aware of the obligations of the present to the past and the force of historical perspective and moral considerations in the critique and reform of society then and now in restoring and indeed exemplifying the best of intellectual life in the twentieth century thinking the twentieth century opens pathways to a moral life for the twenty first this is a book about the past but it is also an argument for the kind of future we should strive for thinking the twentieth century is about the life of the mind and the mindful life judt s book ill fares the land republished in 2021 featuring a new preface by bestselling author of between the world and me and the water dancer ta nehisi coates

a broad perspective on historical thought and writing with a new epilogue

during the twentieth century medicine has been radically transformed and powerfully transformative in 1900 western medicine was important to philanthropy and public health but it was marginal to the state the industrial economy and the welfare of most individuals it is now central to these aspects of life our prospects seem increasingly depe

this hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward using their thematic and regional expertise the authors have produced an authoritative yet accessible

and seamless account of the history of international relations in the last century covering events in europe asia the middle east africa and the americas they focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years the third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including ngos additional new features include new material on the arab spring including specific focus on libya and syria increased debate on the question of us decline and the rise of china a timeline to give increased context to those studying the topic for the first time a fully revised companion website including links to further resources and self testing material can be found at routledge.com/cw/best antony best is associate professor in international history at the london school of economics jussi m hanhimäki is professor of international history and politics at the graduate institute of international studies geneva joseph a maiolo is professor of international history at the department of war studies kings college london kirsten e schulze is associate professor in international history at the london school of economics

with over forty chapters written by leading scholars this comprehensive volume represents the best work in america europe and asia geographical diversity of the authors is reflected in the different perspectives devoted to the subject and all major disciplinary developments are covered there are also sections concerning the countries that have made the most significant contributions the relationship between science and industry the importance of instrumentation and the cultural influence of scientific modes of thought students and professionals will come to appreciate how and why science has developed as with any other human activity it is subject to the dynamics of society and politics

a choice magazine outstanding academic book spanish american novels of the boom period 1962 1967 attracted a world readership to latin american literature but latin american writers had already been engaging in the modernist experiments of their north american and european counterparts since the turn of the twentieth century indeed the desire to be modern is a constant preoccupation in twentieth century spanish american literature and thus a very useful lens through which to view the century s novels in this pathfinding study raymond l williams offers the first complete analytical and critical overview of the spanish american novel throughout the entire twentieth century using the desire to be modern as his organizing principle he divides the century s novels into five periods and discusses the differing forms that the modern took in each era for each period williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels a special feature of this book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers williams also clarifies the legacy of the boom the postboom and the postmodern as he introduces new writers and new novelistic trends of the 1990s

the first and second world wars the great depression oil shocks inflation financial crises stock market crashes the collapse of the soviet command economy and third world disasters are discussed in this comprehensive book the contributors subject these disasters to in depth assessment carefully considering their costs and impact on specific countries and regions as well as assessing them in a global context the book examines the legacy of economic disasters and asks whether economic disasters are avoidable or whether policymakers can learn from their mistakes

this book provides the first attempt to measure european business performance over the twentieth century the book s findings confirm and inform widely held assumptions regarding business performance regarding strategy and structure ownership and control old and new industries emerging and advanced economies

using in depth analysis of power relations material changes and developments in ideologies this essential text provides an accessible and student friendly historical introduction to the changing relations between states the subjects covered include long term trends relating to war the changing balance of power decolonisation the european system and the cold war this volume is essential reading for all those interested in the history of international relations in the twentieth century

key writers on art the twentieth century offers a unique and authoritative guide to modern responses to art featuring 48 essays on the most important twentieth century writers and thinkers and written by an international panel of expert contributors it introduces readers to key approaches and analytical tools used in the study of contemporary art it discusses writers such as adorno barthes benjamin freud greenberg heuser kristeva merleau ponty pollock read and sontag

peasant wars of the twentieth century provides a good short course in the major popular revolutions of our century in russia mexico china algeria cuba and viet nam not from the perspective of governments or parties or leaders but from the perspective of the peasant peoples whose lives and ways of living were destroyed by the depredations of the imperial powers including american imperial power new york times book review eric wolf s study of the six great peasant based revolutions of the century demonstrates a mastery of his field and the methods required to negotiate it that evokes respect and admiration in six crisp essays and a brilliant conclusion he extends our understanding of the nature of peasant reactions to social change appreciably by his skill in isolating and analyzing those factors which by a magnification of the anthropologist s techniques can be shown to be crucial in linking local grievances and protest to larger movements of political transformation american political science review an intellectual tour de force comparative politics

mel scult s detailed biography traces the personalities issues and institutions that shaped and were shaped by kaplan

this study traces the long evolution of the male military heroic tradition of the west and its reinvigoration by christian theology and

ecclesiology it concludes with an analysis of the working out of this culture in debates about war crimes masculine concepts of duty and a war the gulf war on eurochristianity's frontier with islam

this multi disciplinary collection brings together work by scholars from britain america and canada on the popular personal and institutional histories of pregnancy it follows the process of reproduction from conception and contraception to birth and parenthood the contributors explore several key themes narratives of pregnancy and birth the patient consumer and literary representations of childbearing this book explores how these issues have been constructed represented and experienced in a range of geographical locations from the seventeenth to the twentieth century crossing the boundary between the pre modern and modern worlds the chapters reveal the continuities similarities and differences in understanding a process that is often in the popular mind set considered to be fundamental and unchanging

this new companion brings together in one single volume all the essential facts and figures relating to european decolonisation in the twentieth century professor chamberlain has taken each european empire in turn the british french dutch portuguese spanish belgian and italian and for each one she has provided a detailed chronology of the process of decolonisation in the individual states

this major thematic and historical overview provides a clear guide to key welfare practices and developments in the public private voluntary and informal welfare sectors in twentieth century britain outlining the dominant ideas about welfare in the period in question as such it offers an effective bridge between historical and contemporary concerns drawing out some of the more rarely articulated premises of courses in the history of social policy and illuminating the social political and economic dimensions of its subject

human displacement has always been a consequence of war written into the myths and histories of centuries of warfare however the global conflicts of the twentieth century brought displacement to civilizations on an unprecedented scale as the two world wars shifted participants around the globe although driven by political disputes between european powers the consequences of empire ensured that europe could not contain them soldiers traversed continents and civilians often followed them or found themselves living in territories ruled by unexpected invaders both wars saw fighting in europe africa the middle east and the far east and few nations remained neutral both wars saw the mass upheaval of civilian populations as a consequence of the fighting displacements were geographical cultural and psychological they were based on nationality sex gender or age they produced an astonishing range of human experience recorded by the participants in different ways this book brings together a collection of inter disciplinary works by scholars who are currently producing some of the most innovative and influential work on the subject of displacement in war in order to share their knowledge and interpretations of historical and literary sources the collection unites historians and literary scholars in addressing the issues of war and displacement from multiple angles contributors draw on a wealth of primary source materials and resources including archives from across the world military records medical records films memoirs diaries and letters both published and private and fictional

interpretations of experience
