this book considers the evolving relationship between china and the international system and the interaction between a china of profound change in its identity capability and influence and an international system that is itself experiencing a process of far reaching transformation it develops an analytical framework that allows us to capture understand and explain a more dynamic pattern of agent structure interaction in china s relationship with the international system by demonstrating a more dynamic and mutually constitutive relationship between china and the international system the book explores the extent to which both transform themselves in the process and provides a fuller and more effective assessment of the evolving nature of the relationship in doing so it addresses key issues in the current literature on the relationship of china and the international system and helps close the gap in our knowledge of the conditions and consequences of change and stability in the international system as a result of the change in distributions of power capability and influence among nation states

small states in the international system addresses the little understood foreign policy choices of small states it outlines a theoretical perspective of small states that starts from the assumption that small states are not just large states writ small in essence small states behave differently from larger and more powerful states as such this book compares three theories of foreign policy choice realism and its emphasis on structural factors domestic factors and social constructivism emphasizing norms and identity across seven focused case studies from around the world in the 20th century through an examination of the foreign policy choices of switzerland ireland finland norway the netherlands belgium ethiopia somalia vietnam bolivia and paraguay this book concludes that realist theories built on great power politics cannot adequately explain small state behavior in most instances when small states are threatened by larger belligerent states the small state behaves along the predictions of social constructivist theory when small states threaten each other they behave along realist predictions

africa's international relations have often been defined and oriented by the dominant international and geopolitical agendas of the day in the aftermath of colonialism the cold war became a dominant paradigm that defined the nature of the continent's relationship with the rest of the world the contemporary forces of globalization are now exerting an undue influence and impact upon africa's international relations increasingly the african continent is emerging as a vocal and in some respects an influential actor in international relations there is a paucity of analysis and research on this emerging trend this timely book proposes to fill this analytical gap by engaging with a wide range of issues with chapters written by experts on a variety of themes the emerging political prominence of the african continent on the world stage is predicated on an evolving internal process of continental integration in particular there are normative and policy efforts to revive the spirit of pan africanism the 21st century is witnessing the evolution of pan africanism notably through the constitution and establishment of the african union au given the fact that there is a dearth of analysis on this phenomenon this volume will also interrogate the notion of pan africanism through various lenses notably peace and security development the environment and trade the volume will also engage with the emerging role of the au as an international actor e.g. with regard to its role in the reform of the united nations security council climate change the international criminal court icc the treaty establishing africa as a nuclear free zone internally displaced persons the millennium development goals mdgs international trade the environment public health issues security and development issues this book will assess how the au's role as an international actor is complicated by the difficulty of promoting consensus among african states and then maintaining that consensus in the face of often divergent national interests this book will in part assess the role of the au in articulating collective and joint policies and in making interventions in international decision and policy making circles the handbook will also assess the role of african social movements and their relationship with global actors the role of african citizens in ameliorating their own conditions is often underplayed in the international relations discourse and this volume will seek to redress this oversight throughout the book the various chapters will also assess the role that these citizen linkages have contributed towards continental integration and in confronting the challenges of globalization

east asia's rapidly changing role in international security the global economy

development and global governance are expertly accounted for in this much needed state of the art text xiaoming huang offers an engaging and informed account of the key concepts issues and actors working in this area ranging from the region s history to culture and a comparative assessment of the region s states this text is informed throughout by a compelling theoretical framework in so doing it unpicks the often complex relationships both at the domestic level and externally only with this understanding is it possible to make sense of the region s complex relationships both internally and externally structured around key concepts in international relations of war and peace economic development and increased contemporary security threats this text offers an empirically rich engaging account of the changing fortunes of east asia

drawing together international experts on research methods in international relations ir this handbook answers the complex practical questions for those approaching a new research topic for the first time innovative in its approach it considers the art of ir research as well as the science offering diverse perspectives on current research methods and emerging developments in the field

this book engages with key contemporary european security issues from a variety of different theoretical standpoints in an attempt to uncover the drivers of foreign policy and defence integration in the eu although european foreign policy has been attracting an ever increasing number of international relations ir scholars since the end of the cold war consensus on what drives european foreign policy integration has not yet emerged this book seeks to encourage debate on this issue by examining a wide range of high profile security issues which have roused significant interest from policy makers academics and the public in recent years the volume discusses amongst other issues the strategic posture of the european union as a security actor the troubled relationship with russia the debate regarding france s relations with the us following france s rapprochement with nato and the eu s influence in the israeli palestinian conflict the collective intent of the contributors to highlight the drivers of eu foreign policy and defence integration ties together the wide variety of topics covered in this volume forming it into a comprehensive overview of this issue by paying considerable attention not just to the internal drivers of eu cooperation but also to the critical role played by the us as an incentive or obstacle to european security this book presents a unique contribution to this field of debate this book will be of much interest to students of european security ir theory transatlantic relations european politics and eu foreign policy

this title examines sub saharan africa s relations with states such as the us

india china the eu and britain as well as with non state actors the international relations of sub saharan africa is an in depth examination africa s place in global politics the book provides a comprehensive and critical appraisal of the ways in which peace prosperity and democracy are being advanced or restricted by the activities of the great powers in africa including non state actors as well as who benefits from these policies and who does not the book is a needed comparative study of the role of great powers and new actors such as china and india in africa within the wider context of neo liberal hegemony it fills a gap in the literature and will be of interest to any student of the continent its focus on external actors contributes to providing a fuller picture of africa s place in the global political economy and how the continent interacts with the rest of the world this is an essential work for anyone researching issues in international relations comparative foreign policies and african politics

this book brings together a group of leading scholars on international relations to develop and apply the concept of polarity on past and present international relations and discuss its applicability and usefulness in the future despite a comprehensive debate on a global power shift often discussed in terms of the decline of the united states the crisis in the liberal international order and the rise of china ir s main concept of power polarity remains undertheorized and understudied the great powers and their importance for dynamics and processes in the international system are central to current debates on international order but these debates too often suffer from a combination of politicized empirical analysis and reliance on old theoretical debates and conceptualizations typically originating in the cold war security environment in order to meet these challenges this book updates conceptualizes applies and critically debates the concepts of unipolarity bipolarity multipolarity and non polarity in order to understand the current world order
