bricks such small and seemingly uninteresting things have helped to build the way we live as society has evolved from the feudal system of early britain right up to today originally very expensive bricks were only used by those who could afford them this gradually changed with the great fire of london in 1666 when legislation decreed that the city must be rebuilt with non flammable materials and bricks came into their own a few centuries later bricks formed the infrastructure of industrial britain as the need for canals and railways grew but bricks are also associated with some of the worst slums this country has ever known with poor bricks and sandy mortars indirectly causing misery for thousands of people our love affair with bricks continues today with exposed brickwork being used to decorate both exteriors and interiors but how are bricks made what are they made of who made them and how have they changed through time in brick carolyne haynes answers these questions and reveals the surprising social history of bricks in britain

all brick knows is bikes work and women in that order as the enforcer for his father s motorcycle club he has everything he needs why settle down when he can have every desire met he s happy as he is until he meets her annie is a single mom on the run and the moment brick meets her something inside him wakes and he vows to protect her no matter the cost but the danger annie s running from won t leave her alone and all she has on her side is brick and the love and safety he offers can annie learn to let go and trust the biker with her life and her heart or will she run away once more brick s premade

family is the first book in the sweet with heat 18 mc romance bikers in love this novella features a bad boy who falls hard for a woman on the run a desperate woman looking for a lifeline the mc family that already has each other s backs and a guaranteed hea each book in this interconnected series can be read as a standalone this story was polished and re edited in may of 2024
