the study covers different phases of the history of political thought in a detailed manner it examines skillfully the views and achievements of various political thinkers from plato to russell of 20th century the first chapter deals with ideas and accomplishments of plato in the second chapter the political thoughts of aristotle have been given in an exhaustive and elaborate way the following chapters throw light in detail on the thinking of many political thinkers like polybius cicero st acquinas dante marsiglio ockham machiavelli bodin grotius hoppes spinoza locke vico montesquieu voltaire hume rousseau kant burke paine bentham fichte hegel mill austin j s mill lenin stalin engels spencer green bradley bosanquet wallas mcdougall bagehot h j laski and other philosophers the book gives special importance to the political thoughts of karl marx gandhiji and mao it is designed to meet the requirements of the students the common readers will also find the book quite interesting and comprehensible

this insightful handbook reviews the key frameworks guiding political scientists and historians of political thought comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts

spanning from ancient greece until the nineteenth century

explores the multiple ways in which different conceptions of time and history have been used to understand politics since late antiquity showing that no conception of politics has dispensed altogether with time and many have explicitly sought legitimacy in association with forms of history

revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful americans have said about the american experience from the colonial period to the present the book examines the political thought of the most important american statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of america this new second edition of the book includes chapters on several additional historical figures including walt whitman lyndon baines johnson and ronald reagan as well as a new chapter on barack obama who was not prominent in public life when the first edition was published significant revisions and additions have also been made to many of the original chapters most notably on antonin scalia which now updates his full legacy increasing the breadth and depth of the collection

the twenty first century presents unique political challenges like increasing concern over racially based police brutality and mass incarceration continuing economic and gender inequality the rise of conservative and libertarian politics and the appropriate role of religion in american politics current scholarship in american political thought research neither adequately responds to the contemporary moment in american politics nor fully captures the depth and scope of this rich tradition this collection of essays offers an innovative expansion of the american political tradition by exposing the major ideas and thinkers of the four major yet still underappreciated alternative traditions of american political thought african american feminist radical and conservative this book challenges the boundaries of american political thinking about such values like freedom justice equality democracy economy rights identity and the role of the state in american life these traditions the various authors show in different ways not only present a much fuller and more accurate characterization of what counts as american political thought they are also especially unique for the conceptual resources they provide for addressing contemporary developments in american politics offering an original and substantive interpretation of thinkers and movements american political thought will help students understand how to put american political thought into conversation with contemporary debates in political theory

approaches to political thought raises three important questions concerning traditional political thought 1 why study the political writings and ideas of plato machiavelli and other long dead writers 2 who among the writers and which of their works are worth studying 3 how should they be studied the book then explores ten contemporary approaches to understanding political thought and the diverse answers to these questions the approaches covered include those of leo strauss hannah arendt eric voegelin sheldon wolin the cambridge school quentin skinner and j g a pocock psychobiography critical theory of the frankfurt school herbert marcuse and jürgen habermas hermeneutics paul ricoeur and hans georg gadamer michel foucault and feminist criticism susan moller okin and jean elshtain each chapter includes an introductory essay and edited selections that illustrate or discuss that approach each chapter concludes with discussion questions and suggestions for further exploration

including books articles and web sites this exploration of contending contemporary approaches to political thought touches upon ongoing methodological and philosophical issues that are relevant to several academic disciplines including political science history philosophy and psychology

presents unabridged works and substantive abridgments in preeminent translations along with balanced lucid sophisticated introductions this book includes a wide and balanced selection of many of the more important texts of modern political thought to its great credit it provides pertinent excerpts from frequently neglected authors such as calvin and hume which it nicely juxtaposes appear to be good and the introductions to each section help to situate the writers in their historical and intellectual context and to alert students to some of the central issues that arise in the texts this book offers an economical and useful approach to modern political thought

this groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the enlightenment to post modernism and post structuralism encyclopedia of modern political thought is two volume a to z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries it profiles major and minor political thinkers and the national traditions both western and non western which continue to shape and divide political thought more than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of thought of regions and countries including african political thought american political thought australasian political thought australian and new zealand chinese political thought indian political thought islamic political thought japanese political thought and more thought regarding contemporary issues such as abortion affirmative action animal rights european integration feminism humanitarian intervention international law race and racism and more the ideological spectrum from marxism to neoconservatism including anarchism conservatism darwinism and social darwinism engels fascism the frankfurt school lenin and leninism socialism and more connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion notable time periods of political thought since 1750 concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state theorists and political intellectuals both western and non western including john adams edmund burke mohandas gandhi immanuel kant ayatollah khomeini ernst friedrich schumacher george washington and mary wollstonecraft

aaron alexander zubia argues that the epicurean roots of david hume s philosophy gave rise to liberalism s unrelenting grip on the modern political imagination eighteenth century scottish philosopher david hume has had an outsized impact on the political thinkers who came after him from the nineteenth century british utilitarians to modern american social contract theorists in this thorough and thoughtful new work aaron alexander zubia examines the forces that shaped hume s thinking within the broad context of intellectual history with particular focus on the ancient greek philosopher epicurus and the skeptical tradition zubia argues that through hume s influence epicureanism which elevates utility over moral truth became the foundation of liberal political philosophy which continues to dominate and limit political discourse today

a history of western political thought is an energetic and lucid account of the most important political thinkers and the enduring themes of the last two and a half millennia written with students of the history of political thought in mind the book traces the development of political thought from ancient greece to the late twentieth century focuses on individual thinkers and texts includes 40 biographies of key political thinkers offers original views of theorists and highlights those which may have been unjustly neglected develops the wider themes of political thought and the relations between thinkers over time

this book is a critique of cambridge school historical contextualism as the currently dominant mode of history of political thought drawing upon michael oakeshott s analysis of the logic of historical enquiry while acknowledging that the early cambridge school work represented a considerable advance towards genuinely historical histories of political thought this work identifies two major historiographical problems that have become increasingly acute the first is general an insufficiently rigorous understanding of the key concept of pastness necessarily presupposed in historical enquiry of all kinds the second is specific to histories of political thought a failure to do justice to the varieties of past political thinking especially differences between ideology and philosophy in addressing these problems the author offers a comprehensive account of the history of political thought that establishes the parameters not just of histories of ideological thinking but also of the much disputed character of histories of political philosophy since rethinking history of political thought in oakeshottian terms requires resisting current pressures to turn history into the servant of currently felt needs the book offers a sustained defence of the cultural value of modernist historical enquiry against its opponents an important work for political theorists historians of political thought and those researching intellectual history the philosophy of history and proposed new directions in contemporary historical studies

in this book we will study about foundational western thinkers from plato and aristotle to hobbes locke rousseau hegel and marx and their theories on state power and justice

a guide to the central texts and problems in ancient greek political thought from homer through the stoics and epicureans

a world history of political thought is an outstanding and innovative work with profound significance for the study of the history of political thought providing a wide ranging detailed and global overview of political thought from 600 bc to the 21st century treating both western and non western systems of political thought as equal and placing them as they should be side by side

this book explores and examines the political philosophies of enlightenment women across europe in the eighteenth century

the third edition of this highly regarded core textbook offers an accessible and impressively comprehensive account of western political thought over the last two millennia structured in four main parts the chapters are organised around a wide range of key themes covering everything from absolute government and revolutionary political thought to politics and freedom and theories of civil disobedience this new edition concludes with an

epilogue that considers the challenges posed to the history of western political thought by the perspectives of post colonialism and post modernism the use of boxes throughout the book to explain key thinkers in more detail as well as the author's ability to express complex ideas in clear and jargon free language makes this the perfect text for helping students to understand the key debates issues and continuities in the long history of political ideas for undergraduate and postgraduate students studying courses on the history of political thought and theory this is an indispensable guide new to this edition expanded material on the history of international relations thinking race consciousness diversity and gender politics a completely new epilogue which focuses on a discussion of post colonialism and post modernism in relation to political theory additional thinker boxes alongside revised and updated suggestions for further reading

the significance of political thought cannot be overemphasized the task of understanding the deeper implications of the present situation and the future planning can be assisted by a careful study of political thought of the ages the study of political thought in the historical perspective leads to mature thinking and enables the political leaders to solve contemporary problems in a better way the political thought of modern world is based on western political thought it is always preferred to begin the study of political thought with the western thinkers better say greeks because unlike their eastern counterpart their speculations are exclusively contained in independent treatises and do not form part of literature which was predominantly religious and ethical accordingly the present volume begins with homer and includes in its study the prominent thinkers of the west of all ages plato aristotle aquinas machiavelli hobbes locke rousseau hume burke to name but a few analytic in presentation the present book is concise and easily comprehensible since its matter has been drawn from authentic originals and the books of eminent western authors have been referred to the book aptly caters with the academic needs of students of political science it provides a bibliography and also a list of questions set at various university examinations aiming at facilitating the preparation for examination while the teachers will find this book an ideal reference book the general readers will find it highly informative

focusing on the interaction of religion and politics this is a comprehensive chronological survey of the political thought of post reformation britain which examines the work of a wide range of thinkers

this book is an unconventional articulation of the political thinking in india in a refreshingly creative manner in more than one way empirically the book becomes innovative by providing an analytically more grasping contextual interpretation of indian political thought that evolved during the nationalist struggle against colonialism insightfully it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in india as manifested through the mode of numerous significant socio economic movements operating side by side and sometimes as part of the mainstream nationalist movement this book articulates the main currents of indian political thought by locating the text and themes of the thinkers within the socio economic and politico cultural contexts in which such ideas were conceptualised and articulated the book also tries to analytically grasp the influences of the various british constitutional devices that appeared as the responses of the colonial government to redress the genuine socio economic grievances of the various sections of indian society the book breaks new ground in not only articulating the main currents of indian political thought in an analytically more sound approach of context driven discussion but also provokes new research in the field by

charting a new course in grasping and articulating the political thought in india this volume will be useful to the students researchers and faculty working in the fields of political science political sociology political economy and post colonial contemporary indian politics in particular it will also be an invaluable and interesting reading for those interested in south asian studies

your conceptual toolkit for the study of political thoughtpraise for the first edition this seems really to have been written with the first year student in mind the editors write in a way that is clear intelligent and engaging without being at all condescending politics studies review new for this edition brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theorythis textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live it traces the history of political thought from plato and aristotle to kymlicka and rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure
