stevens invokes a powerful synthesis of recent pauline studies by insisting the category of israel is the hermeneutical key to all of romans through jesus the messiah and the power of the spirit paul saw fulfilled isaiah's vision of israel's destiny to the nations to bring the good news of salvation recapturing isaiah's vision broke the spell for paul of the great assembly's postexilic take on israel paul's apostleship first and foremost was to israel not gentiles exclusively paul used his exposé of the gospel of god in romans to challenge believers in rome to embrace their place in the messianic israel of god

this study proposes that both constitutively and rhetorically through ironic inferential and indirect application ps 106 105 serves as the substructure for paul's argumentation in rom 1 18 2 11 constitutively rom 1 18 32 hinges on the triadic interplay between they exchanged and god gave them over an interplay that creates a sin retribution sequence with an a ba ba b pattern both elements of this pattern derive from ps 106 105 20 41a respectively rhetorically paul ironically applies the psalmic language of idolatrous exchange and god's subsequent giving over to gentiles aiding this ironic application is that paul has cast his argument in the mold of hellenistic jewish polemic against gentile idolatry and immorality similar to wis 13 15 in rom 2 1 4 however paul inferentially incorporates a hypocritical jewish interlocutor into the preceding sequence through the charge of doing the same a charge that recalls israel's sins recounted in ps 106 105 this incorporation then

gives way to an indirect application of ps 106 105 23 by means of an allusion to deut 9 10 in rom 2 5 11 secondarily this study suggests that paul s argumentation exploits an intra jewish debate in which evocations of the golden calf figured prominently
