with a foreword from tim keller a bold vision for christians who want to engage the world in a way that is biblically faithful and culturally sensitive in biblical critical theory christopher watkin shows how the bible and its unfolding story help us make sense of modern life and culture critical theories exist to critique what we think we know about reality and the social political and cultural structures in which we live in doing so they make visible the values and beliefs of a culture in order to scrutinize and change them biblical critical theory exposes and evaluates the often hidden assumptions and concepts that shape late modern society examining them through the lens of the biblical story running from genesis to revelation and asking urgent questions like how does the bible s storyline help us understand our society our

culture and ourselves how do specific doctrines help us engage thoughtfully in the philosophical political and social questions of our day how can we analyze and critique culture and its alternative critical theories through scripture informed by the biblical theological structure of saint augustine s magisterial work the city of god and with extensive diagrams and practical tools biblical critical theory shows how the patterns of the bible s storyline can provide incisive fresh and nuanced ways of intervening in today s debates on everything from science the arts and politics to dignity multiculturalism and equality you ll learn the moves to make and the tools to use in analyzing and engaging with all sorts of cultural artifacts and events in a way that is both biblically faithful and culturally relevant it is not enough for christians to explain the bible to the culture or cultures in which we live we must also explain the culture in which we live within the framework and categories of the bible revealing how the whole of the bible sheds light on the whole of life if christians want to speak with a fresh engaging and dynamic voice in the marketplace of ideas today we need to mine the unique treasures of the distinctive biblical storyline

critical poetics of feminist refusals renders a vivid portrait of the intergenerational and intersectional dialogue between influential feminist writers on how to say no to the conditions of oppression exclusion and exploitation imposed by patriarchal and systemically racist capitalist societies the book provides today s readers and writers access to the powerful inventory of concepts and techniques that two generations of feminists have assembled for refusing domination and constituting fugitive forms of sociability and writing drawing on examples from feminist thinkers audre lorde carla lonzi hélène cixous hortense spillers alexis pauline gumbs anne boyer and simone white the book focuses on how the power dynamics of recognition tie the uses of language to the material conditions of discrimination in everyday life

christians need a new perspective from which to engage in the question and conversation of human sexuality writing from an understanding of sexual intimacy as a gift from god that offers humankind the opportunity to transcend our separateness as embodied people this text explores the sacramental aspects of sex as an access point for experiencing god s grace while we may certainly learn

things about sex from god there are also things we can learn about our passionate relational and loving god from sex seeking insight from the existing sacraments of baptism and eucharist sex is examined sacramentally as a basis for describing a sacramental approach to sexual ethics the method is then applied to difficult contemporary questions for both church and society specifically applied to the ongoing discussion of the legitimacy and morality of lgbtqia2s relationships the method demonstrates a significant contribution to the faithful discussion of sex and theology as mutually informing conversation partners
