**The Problem Outdated Techniques and Creative Blocks** The problem isn't necessarily a lack of skill but a reliance on outdated methodologies Many traditional drawing approaches prioritize meticulous accuracy and photorealism hindering the development of a unique artistic voice This leads to several key pain points

- Perfectionism** is the enemy of progress especially in a field as subjective as art
- Creative Block** Sticking to rigid techniques limits exploration and experimentation leading to creative stagnation
- The fear of failure prevents artists from stepping outside their comfort zones
- Homogenous Style** Reliance on established methods can result in drawings that lack originality and fail to stand out In a saturated art market individuality is paramount
