the emergence of a tradition early prose narrative mythical tales kings and heroes the ulster cycle fionn maccumhaill and the fiana after the normans

Irish literature's roots have been traced to the 7th-9th century. This is a rich and hardy literature starting with descriptions of the brave deeds of kings, saints, and other heroes. These were followed by generous veins of religious, historical, genealogical, scientific, and other works. The development of prose, poetry, and drama raced along with the times. Modern well-known Irish writers include William Yeats, James Joyce, Sean Casey, George Bernard Shaw, Oscar Wilde, John Synge, and Samuel Beckett.

An incandescent vision, a wildness of imagination, sensibility to sound and colour, and form, human passion, love, sorrow, and anger: thus Myles Dillon describes the enduring qualities of the literature of early Ireland. In *Early Irish Literature*, he summarizes the historical, mythological, and poetic legacy of ancient and medieval Ireland, spanning more than a millennium. Selecting the most important tales and poems of early Ireland and rendering them in a vibrant English translation, this book is a valuable introduction to this area for student and general reader alike.

Excerpt from *Irish Literature*, volumes I and II: The Gaelic populations have ever been deeply absorbed in legendary fancies and mythical creations, and only through the study of such prehistoric literature can we understand the true national character of these peoples, the mythical heroes which a race creates for itself, the aspirations which it embodies and illustrates, the sentiments which it immortalizes in story and in ballad. Will help us to understand the real character of the race better than it could be expounded to us by any collection of the best authenticated statistics. We could not really know the history of Greece without the Homeric poems, and we cannot understand the history of Ireland without studying the legends and poems which have preserved for our time the aspirations and the ideals of prehistoric Erin. According to the accepted belief of prehistoric days, Ireland was occupied or colonized in the early past first by an invasion or perhaps it might better be called a settlement from the far east, and afterward by an adventurous visitation from the shores of Greece. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
