includes firsthand speeches letters diary entries and other primary source materials that give the reasons this unforgettable event unfolded as it did this book tells about world war ii

this book provides a new approach to the study of the history of roman law it collects the first results of the european research council project scriptores iuris romani dedicated to a new collection of the texts of roman jurisprudence highlighting important methodological issues together with innovative reconstructions of the profiles of some ancient jurists and works jurists were great protagonists of the history of rome both as producers and interpreters of law since the republican age and as collaborators of the principes during the empire nevertheless their role has been underestimated by modern historians and legal experts for reasons connected to the developments of modern law in england and in continental europe this book aims to address this imbalance it presents an advanced paradigm in considering the most important aspects of roman law the justinian digesta and other juridical late antique anthologies the work offers an historiographic model which overturns current perspectives and makes way for a different path for legal and historical studies unlike existing literature the focus is not on the justinian

codification but on the individualities of ancient roman jurists as such it presents the actual legal thought of its experts and authors the ancient iuris prudentes the book will be of interest to researchers and academics in classics ancient history history of law and contemporary legal studies

money money and more money in the eyes of early modern warlords these were the three essential prerequisites for waging war the transnational studies presented here describe and explain how belligerent powers did indeed rely on thriving markets where military entrepreneurs provided mercenaries weapons money credit food expertise and other services in a fresh and comprehensive examination of pre national military entrepreneurship its actors structures and economic logic this volume shows how readily business relationships for supplying armies in the 17th and 18th centuries crossed territorial and confessional boundaries by outlining and explicating early modern military entrepreneurial fields of action this new transnational perspective transcends the limits of national historical approaches to the business of war contributors are astrid ackermann john condren jasmina cornut michael depreter sébastien dupuis marian füssel julien grand andré holenstein katrin keller michael paul martoccio tim neu david parrott alexander querengässer philippe rogger guy rowlands benjamin ryser regula schmid and peter h wilson
