Ever wondered why secret societies are secret? Why is it that an overwhelming majority of elite leaders in America including those who've occupied the highest office have belonged to an organization in the vast network of secret societies whose rituals and teachings derived from the ancient mystery schools of Egypt and Babylon? Why is death the penalty for breaking a secret society oath? Why do they pay homage to pagan gods and goddesses? Why do many self-proclaimed Christians belong to these secret societies when their practices blatantly violate God's commandments such as Exodus 20:3 which states, "thou shalt have no other gods before me" and why don't their pastors say anything about it? Is there a secret motive behind the positive PR that many of these secret organizations receive for their good deeds such as feeding programs, scholarships, volunteering, youth mentoring, etc. that even the lower ranking members of these societies don't know about? Could today's network of these secret societies be the architects and workers of the Antichrist New World Order aka Illuminati as prophesied in the Holy Bible? These questions and more will be answered by author and evangelist Rayford L. Johnson who has spent more than 20 years researching, writing, and teaching on the occult. Johnson has counseled and ministered demon deliverance prayers on many former members of the occult. Many of them have testified that they have been set free by the power of Jesus Christ from the spiritual torment and generational curses that the pagan rituals and oaths have unknowingly brought upon them and even their family through the spiritual legalities of breaking God's commandments. The truth shall make you free. John 8:32. thugexposed.org

On December 4, 1906, on Cornell University's campus, seven Black men founded one of the greatest and most enduring organizations in American history: Alpha Phi Alpha Fraternity, Inc. It has brought together and shaped such esteemed men as Martin Luther King Jr., Cornel West, Thurgood Marshall, Wes Moore, W. E. B. DuBois, Roland Martin, and Paul Robeson. Born in the shadow of slavery and on the lap of disenfranchisement, Alpha Phi Alpha like other Black Greek Letter organizations was founded to instill a spirit of high academic achievement and intellectualism, foster meaningful and lifelong ties, and racially uplift those brothers who would be initiated into its ranks. In Alpha Phi Alpha, Gregory S. Parks, Stefan M. Bradley, and other contributing authors analyze the fraternity and its members' fidelity to the founding precepts set forth in 1906. They discuss the identity established by the fraternity at its inception, the challenges of protecting the image and brand, and how the organization can identify and train future Alpha men to uphold the

standards of an outstanding african american fraternity drawing on organizational identity theory and a diverse array of methodologies the authors raise and answer questions that are relevant not only to alpha phi alpha but to all black greek letter organizations
