biblical interpretation of the abrahamic covenants and his descendants often present a bias against the arabs and ishmaelites perhaps due to lack of full knowledge of god s covenantal promises and blessings to humanity dr cherian presents clear evidences that god has no partiality and that jews christians arabs muslims hindus and all people are equally called to be the partakers of the kingdom of god ishmael was not rejected but he and his generations were abundantly blessed and they have a continuous role to play in the end stages of the world as a skilled detective the author examines the scriptures and calls all people to unlock the bible and fight for the eternal promised land the book presents a complete history of god and humanity

in this book isaiah friedman examines one of the most complex problems that bedeviled middle east politics in the interwar period one that still remains controversial the prevailing view is that during world war i the british government made conflicting commitments to the arabs to the french and to the jews through a rigorous examination of the documentary evidence friedman demolishes the myth that palestine was a twice promised

land and shows that the charges of fraudulence and deception leveled against the british are groundless central to arab claims on palestine was a letter dated 24 october 1915 from sir henry mcMahon the british high commissioner in egypt to king hussein the sharif of mecca pledging arab independence friedman shows that this letter was conditional on a general arab uprising against the turks predicated on reciprocal action the letter committed the british to recognize and uphold arab independence in the areas of the fertile crescent once it was liberated by the arabs themselves as all evidence shows few tribes rebelled against the turks the arabs in palestine syria and mesopotamia fought for the ottoman empire against the british in addition to its non binding nature mcMahon s letter has been misinterpreted with respect to the territories it covers friedman s archival discovery of the arabic version actually read by hussein indisputably shows that palestine was not included in the british pledge indeed hussein welcomed the return of the jews just as his son emir feisal believed that arab jewish cooperation would be a means to build arab independence without the interference of the european powers myth shattering and meticulously documented palestine a twice promised land is revisionist history in the truest sense of the word
