includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june

the volumes in this set originally published between 1967 and 2011 available as ebooks for the first time include succinct accessible books on two of the most important periods of american history which offer concise treatment of these major historical topics as well as some lengthier finest single volume studies of the american civil and revolutionary wars ever written and an outstanding reference tool in a 2 volume encyclopedia among other things they bring central themes and problems into sharper focus discuss the pivotal roles played by benjamin franklin and abraham lincoln examine the role of medical doctors in the northern campaigns during the revolutionary war elucidate the character of the underlying moral and political problem of slavery discuss the social and political experience of the civil war whilst examining the centrality of what happened on the battlefield evaluate the legacy of the civil war for america and for the world and emphasize its relationship to many of the dominating themes of modern history democracy freedom equality and nationalism

this volume tells the story of a mid nineteenth century theological movement emanating from the small german reformed seminary in mercersburg pennsylvania where john williamson nevin and philip schaff taught there they explored themes such as the centrality of the incarnation for theology the importance of the church as the body of christ and the sphere of salvation liturgical and sacramental worship and the organic historical development of the church and its doctrines that continue to resonate today with many who seek a deeper and more historically informed expression of the christian faith that is both evangelical and catholic

originally economics was called political economy and those studying it readily accepted that economic decisions are made in a political world but economics eventually separated itself from politics to pursue rigorous methods of analyzing individual behavior and markets recently an increasing number of economists

have turned their attention to the old question of how politics shape economic outcomes to date however this growing literature has lacked a cogent organization and a unified approach here in the first full length examination of how political forces affect economic policy decisions allan drazen provides a systematic treatment organizing the increasingly influential new political economy as a more established field at the highly productive intersection of economics and political science although he provides an extraordinarily helpful guide to the recent explosion of papers on political economy in macroeconomics drazen moves far beyond survey giving definition and structure to the field he proposes that conflict or heterogeneity of interests should be the field s essential organizing principle because political questions arise only when people disagree over which economic policies should be enacted or how economic costs and benefits should be distributed further he illustrates how heterogeneity of interests is crucial in every part of political economy drazen s approach allows innovative treatment using rigorous economic models of public goods and finance economic growth the open economy economic transition political business cycles and all of the traditional topics of macroeconomics this major text will have an enormous impact on students and professionals in political science as well as economics redefining how decision makers on several continents think about the full range of macroeconomic issues and informing the approaches of the next generation of economists

in 14 reprinted essays that bring together his work in the fields of race relations ethnicity and urban history rabinowitz introduces readers to some of the most important recent developments in these fields including the changing assessments of the nature of black leadership the origins of segregation the expansion of urban history to include the south and the west and the writing of ethnic history annotation copyright by book news inc portland or

first published in 1905 this volume on the cotton industry emerged in the context of joseph chamberlain s proposed tariff reform and provided an academic perspective on the industry the author s j chapman was an established historian of lancashire cotton and produced this volume as an elementary introduction to the economics of the industry and some of its issues he discusses the raw material industrial and commercial history british trade and foreign tariffs exploring the historical influence of tariffs on the cotton trade and including two articles reprinted from the manchester guardian the newspaper was strongly affiliated with the liberal party who would win a landslide victory the following year based in part on their opposition to tariff reform

globalization has led to growing labour fragmentation and widening of gaps in social protection although the enterprise is increasingly expected to be socially responsible in actuality extreme worker inequalities and social dumping have

become ubiquitous worldwide this volume the first to focus attention on the theory of the firm as it reveals itself in today's world from a multidisciplinary perspective underscores the necessity to rebuild a new scientifically controlled paradigm that acknowledges and regulates the dimension of power in the functioning of the organization in their contributed essays nineteen renowned scholars in labour law and industrial relations rethink the firm its conception its value and its regulation analysing such aspects as the following labour management relations issues that arise when companies go global but workers remain local the firm as a social construction the continuing necessity for collective bargaining concealment of the employment relationship under the guise of self employment concealment of the real employer behind figureheads and shell companies social welfare effects of outsourcing the company's interaction with the network of suppliers and with local education processes determining who actually carries responsibility towards workers overcoming companies drive to enter the global market in response to national regulation realizing the notion of duty of care mechanisms of participation of workers in the management of the enterprise and the persistent limitations that women face in the workplace even when worker participation is advocated with attention to innovative developments in germany italy japan and other countries analyses include case studies of specific companies as well as case law in particular the european court of justice's jurisprudence in matters of collective dismissals seconded workers and public contracts in their head on tackling of the fragmentation and blurring of social responsibility in enterprise organization these important essays propose a view of the enterprise as a factor in a new constitutionalisation of labour that shifts employment protection from single legal entities to the network's economic activity thus realigning the legal boundaries of the enterprise with its economic reality as a compelling investigation of how a satisfactory implementation of labour standards in the fragmented enterprise can be guaranteed this book will be studied by entrepreneurs managers consultants corporate lawyers judges human rights experts and trade unionists and will be welcomed by academics and researchers in industrial relations and labour law
