after fifteen years of teaching anthropology at a large university rebekah nathan had become baffled by her own students their strange behavior eating meals at their desks not completing reading assignments remaining silent through class discussions made her feel as if she were dealing with a completely foreign culture so nathan decided to do what anthropologists do when confused by a different culture go live with them she enrolled as a freshman moved into the dorm ate in the dining hall and took a full load of courses and she came to understand that being a student is a pretty difficult job too her discoveries about contemporary undergraduate culture are surprising and her observations are invaluable making my freshman year essential reading for students parents faculty and anyone interested in educational policy

rebekah s closet is kind of memoir with wings and is based on a true story before it takes off into magical adventures the main character rebekah finds herself in extremely difficult circumstances but transforms her life no matter what into a series of incredible journeys her ultimate goal is not only to heal herself but to heal the troubled world

through which she travels

the research process in this book begins with identification of the research question and proceeds through each step including planning data collection actual collection and analysis of the data and writing the report this text proceeds through multiple methodologies including experimental and non experimental quantitative and qualitative at every step the emphasis is on planning and executing the study key features o simulations and feedback that may be used in class sessions for both individual and small group participation o pedagogy to help students plan and conduct a research project in an actual classroom o examples that demonstrate and explain what constitutes good and poor research questions o case studies and real life examples related to education o a student site that provides students with the opportunity to interact with contemporary articles this book provides an introduction to research that emphasizes the fundamental concepts of planning and design it is designed to be a core text for the very first course on research methods

ethnotheatre transforms research about human experiences into a dramatic presentation for an audience johnny saldaña one of the best known practitioners of this research tradition outlines the key principles and practices of ethnotheatre in this clear concise volume he covers the preparation of a dramatic presentation from the research and writing stages to the elements of stage production saldaña nurtures playwrights through adaptation and stage exercises and delves into the complex ethical questions of turning the personal into theatre throughout he emphasizes the vital importance of creating good theatre as well as good research for impact on an audience and performers the volume includes multiple scenes from contemporary ethnodramas plus two complete play scripts as exemplars of the genre

the award winning and widely read first edition of catholic social learning educating the faith that does justice published in 2011 described the critical edge of the tradition of justice pedagogy in catholic higher education at the end of the first decade of the twenty first century but living traditions change in response to new challenges and develop their own resources more fully the most obvious and compelling development in

recent years has been the publication in 2015 of pope francis landmark encyclical *laudato si* on care for our common home the occasion for the new chapter length afterword to this expanded edition of catholic social learning the urgent imperative to defend creation is a major but not the only reason for a new edition two new chapters on the many forms of shame as a pedagogical issue and on the book of job and belief in a just world add spiritual and theological depth to the original assessment of more than a decade ago those three additions comprise the totally new part iv the critical edge of the tradition a new preface sets the argument in the context of current controversies over the place of painful emotions in educational settings

as professors in the united states are being paid less and less to teach more and more undergraduates prospective students need all the information they can get about receiving their tuition dollars worth about to choose a college about to make an investment that might exceed a quarter million dollars worried about ideological indoctrination on university campuses then you need to know a lot about professors there has been perhaps no worse time to be a scholar in the united states than now the misery experienced by the professoriate has immediate and dramatic effects on the education that undergraduates receive as professors lay dying seeks to help you answer the following questions 1 how important are professors to my college education 2 how seriously do they take the responsibility of teaching undergraduates 3 what kind of professors are actually in the classroom working with american coeds 4 is ideological indoctrination a real danger to the nation s matriculated youth 5 what kind of schools should a discerning college shopper look for 6 ultimately why are professors so essential to the delivery of a first class education colleges don t advertise the state of their faculty but it might be the most important factor in your decision this book pulls back the curtain on the profession that shapes the minds of the next generation

the author identifies aspects of her belief system as depicted through the life of the main character of this story rebekah julia has no doubt that all people have value and the ability to contribute in some form to the betterment of the human condition people bring this reality to life in varying degrees depending not only on their choices but on

the choices made by the influencers in our lives the experiences discussed in this book demonstrate how people can continue to repeat patterns when left to their own accord rather than choosing to rely on god and the wisdom imparted through the teachings of jesus christ the experiences shared from rebekahs life brings evidence of what can happen when people rely on their own merit and efforts void of godly wisdom we as human beings will continue to fail in one way or another to do right if left to our own design we all could use some guidance and can benefit from that shared by others yet rebekahs life experiences provide clear evidence that not all advice is god breathed the author exemplifies through rebekahs colorful life experiences that it is never too late in life to even have a faith like a mustard seed to start trusting in the basic instructions of life that are found in the pages of the holy bible as long as we have breath in us julia believes it is never too late to make new choices that can change the course of ones life each day we all have new choices to make new words to speak and new actions to take what will yours be

undergraduates do not experience college as having a clear beginning and end their engagement with higher education is at best episodic but as practice for life shows the disruptions provide opportunities for reflection and course correction as students learn to navigate the future uncertainties of adulthood

a sweeping assessment of the state of higher education today from former harvard president derek bok higher education in america is a landmark work a comprehensive and authoritative analysis of the current condition of our colleges and universities from former harvard president derek bok one of the nation s most respected education experts sweepingly ambitious in scope this is a deeply informed and balanced assessment of the many strengths as well as the weaknesses of american higher education today at a time when colleges and universities have never been more important to the lives and opportunities of students or to the progress and prosperity of the nation bok provides a thorough examination of the entire system public and private from community colleges and small liberal arts colleges to great universities with their research programs and their medical law and business schools drawing on the most

reliable studies and data he determines which criticisms of higher education are unfounded or exaggerated which are issues of genuine concern and what can be done to improve matters some of the subjects considered are long standing such as debates over the undergraduate curriculum and concerns over rising college costs others are more recent such as the rise of for profit institutions and massive open online courses moocs additional topics include the quality of undergraduate education the stagnating levels of college graduation the problems of university governance the strengths and weaknesses of graduate and professional education the environment for research and the benefits and drawbacks of the pervasive competition among american colleges and universities offering a rare survey and evaluation of american higher education as a whole this book provides a solid basis for a fresh public discussion about what the system is doing right what it needs to do better and how the next quarter century could be made a period of progress rather than decline

marvelous tales features an eclectic mix of short stories each with its own set of relatable characters that inspires a range of emotions just as diverse as the protagonists and their respective worlds from suburban america to a mystical winter wonderland the reader is taken on a journey through a number of intriguing landscapes whether it s the optimistic humor of dancing to sunday or the youthful perseverance of jars full of angels marvelous tales offers something for everyone
