this is an open access book the integration of blue green economy business for sustainability

this book examines the fundamental question of how legislators and other rule makers should handle remembering and forgetting information especially personally identifiable information in the digital age it encompasses such topics as privacy data protection individual and collective memory and the right to be forgotten when considering data storage processing and deletion the authors argue in support of maintaining the new digital default that personally identifiable information should be remembered rather than forgotten the book offers guidelines for legislators as well as private and public organizations on how to make decisions on remembering and forgetting personally identifiable information in the digital age it draws on three main perspectives law based on a comprehensive analysis of swiss law that serves as an example technology specifically search engines internet archives social media and the mobile internet and an interdisciplinary perspective with contributions from various disciplines such as philosophy anthropology sociology psychology and economics amongst others thanks to this multifaceted approach readers will benefit from a holistic view of the informational phenomenon of remembering and forgetting this book will appeal to lawyers philosophers sociologists historians economists anthropologists and psychologists among many others such wide appeal is due to its rich and interdisciplinary approach to the challenges for individuals and society at large with regard to remembering and forgetting in the digital age

2017 marked the seventy fifth anniversary of schumpeter s capitalism socialism and democracy a work acknowledged as one of the most insightful books written in the twentieth century it retains a contemporary quality and still invites criticisms new interpretations and extensions and across disciplines this book in addition to re examining schumpeter s seminal work and undertaking a twenty first century update of its main themes brings together leading social scientists to provide contemporary amendments extensions or eventually refutations of key elements of schumpeter s vision and thesis issues covered include a new take on creative destruction the contours of a theory of innovative enterprise finance and financialisation a critique of the secular stagnation thesis schumpeter s contributions to a theory of the entrepreneurial state his conception of socialism and its current relevance for understanding the china model as well as a rekindling of his democracy thesis for our times bringing together leading international contributors this book provides fresh perspectives on ideas that continue to be hugely relevant to contemporary social sciences and a guide for understanding the current tensions among capitalism the state and democracy these chapters will be of interest to economists social scientists and anyone with an interest in modern capitalism

covid 19 impacted economic activity in a way that hurt households businesses industries and governments what followed immediately was a period of high uncertainty and what s to come is still unknown economists have a lot to learn from this point in history as different countries have handled this very differently from others this book journeys through what one emerging economy has done to attempt recovery following immense disruption mexico s recovery following the pandemic this volume offers empirical studies that trace the post pandemic recovery period in mexico providing insight into what this emergent economy went through and did after 2021 the first part of the book examines macroeconomics such as tax collection and microeconomics such as household income these chapters draw on policy and the actions driving the economic recover in this emergent economy the second half of the book focuses on what organizations can do to improve internal governance as well as market success full of new conceptual and empirical studies the book explains what it looks like to rebuild an emerging economy it will appeal to economists economic scholars and policymakers trying to make sense of the best ways to move forward following intense period of economic instability

this title was first published in 2002 debates about the desirability feasibility and appropriate form of international economic regulation are now a heavily contested domain this selection of recently published essays reflects the diversity of perspectives that are shaping the scope and direction of the debates from legal formalism and law and economics to third world legal theories and other critical perspectives

this book develops a liberal theory of justice in exchange it identifies the conditions that market exchanges need to fulfill to be just it also addresses head on a consequentialist challenge to existing theories of exchange namely that in light of new harms faced at the global level we need to consider the combined consequences of millions of market exchanges to reach a final judgment about whether some individual exchange is just the author argues that even if we accept this challenge the effect of it is minimal for different reasons normatively problematic collective market outcomes like externalities monopolies violations of the lockean proviso inequality and commodification do not pose particular problems to the justice of market exchanges he outlines the various conditions a market exchange needs to fulfill to be considered just from a liberal background and in light of the new harms ultimately he shows it is not the market which is to blame if we want to tackle issues like global warming or global economic injustice we should not blindly follow the intuition that we best restrain and regulate markets commutative justice is unique in its focus on justice in exchange rather than on end state distributive justice and the way in which it addresses the new harms we are facing today it will be of interest to researchers and advanced students in philosophy

politics and economics who are working on questions of economic justice
