a great no bs resource where you are guaranteed to pick up useful tips and approaches whether you re an email pro or just starting out andrus purde founder ceo outfunnel no matter how great your product is it s very likely that 40 60 of free trials never see your product a second time this means that you stand to lose up to 60 of your hard earned signups do you just let them go email marketing is one of the highest leverage activities in a saas business it can help increase onboarding and trial conversions reduce churn and grow monthly recurring revenue mrr by introducing a single campaign today you could significantly increase your conversions and get the

benefits of that increase predictably and repeatedly week after week that's the beauty of automation it's also how we created an upsell program at Landr that was generating up to 42 of weekly subscription conversions when I joined Landr we were only sending 3 automated emails and only 1 of those was performing by focusing on sending the right email to the right user at the right time performance jumped up with increases in product onboarding completion engagement sales and upgrades to annual subscriptions we made a lot of mistakes along the way including sending 85 000 emails to the wrong users it took a lot of trial and error long hours and exhaustive internet searches but the results were obvious email was more effective at generating revenue than investing in more ads building new features hoping they'll drive engagement redesigning at the cost of trial and error you can learn SaaS email marketing the way we did through hard work or jump to the front of the line the SaaS email marketing playbook includes everything I would have loved to know about email before I got started at Landr how and when to create new emails or in app messages to influence your users behaviors and purchase decisions how to double triple or quadruple the performance of every single email you send how to stand out in an increasingly more crowded inbox and how to create processes and structure to systematically grow the performance of an email marketing program the book also includes seven deep dives to help you implement your onboarding upsell retention referral and behavioral sequences among others you don't need to be a master copywriter or have one on your team to send effective emails you just need the right processes and knowledge to start growing your business with email the SaaS email marketing playbook contains everything you need to plan build and optimize your email marketing program the SaaS email marketing playbook was written for businesses with clear signs of product market fit that are selling to consumers or businesses charging monthly or yearly subscription fees generating more than 2k MRR and adding at least 200 email signups per week

presents results of field test data conducted on online ammonia analyzers to evaluate the accuracy reliability and maintenance requirements of each analyzer for application in water and wastewater treatment

Innovation Digital Theatre Making introduces a blueprint for how to think differently about theatre how to respond creatively in uncertainty and how to wield whatever resources are available to create new work in new ways in 2020 the COVID-19 pandemic had a colossal impact on theatre across the world at a time when even the wealthiest and best supported theatre companies in the world ceased all operations and shuttered their stages the theatre company the show must go online tsmgo forged its way into a new frontier the highly accessible digital landscape of online performance in this book tsmgo creator Robert Myles and Valerie Clayman Pye explore the success of tsmgo from a practical standpoint offering insights and strategies that can help theatremakers at every level respond proactively to the future of theatre in the digital era each chapter addresses a different aspect of the creative process and concludes with take homes so readers can learn how to innovate rapidly undertake research and development in order to create their own models and cultivate their own theatrical communities written for theatremakers directors producers and creatives of all levels of experience this book will help

readers to think critically and creatively about theatre and theatre pedagogues to understand how to train their students for the theatre of the future
