faith is one of the most critical aspects of the christian life because it is the means by which we receive all that god has secured for us yet the nature of faith is one of the most misunderstood concepts of christianity some conceptualize faith as some mental state that one must reach before they are able to tap into god s resources others view faith as some sort of incorporeal substance that is out there for which we must reach all of these concepts of faith are deficient if not heretical and yet all of them are found in the church others view faith as a mere fantasy or hope with no basis in reality and thus religious claims are excluded from the arena of knowledge for a number of years my heart has been trilled over the doctrine of faith as it is received and taught among evangelical christians everywhere great emphasis is laid upon faith in orthodox circles and that is good but still i am troubled specifically my fear is that the modern conception of faith is not the biblical one that when the teachers of our day use the word they do no mean what bible meant when they used it i also share the same concerns with a w tozer when he said the cause of my uneasiness are these 1 the lack of spiritual fruits in the lives of so many who claim to have faith 2 the rarity of a radical
