in this book the covenant and the promises of god the father and god the son had in an agreement regarding the elect being the children of god from the covenant statutes this covenant was made before the universe was created and it consisted of the father promising to bring to the son all whom the father had to give the world the eternal covenant then leads to the covenant of grace whereas the eternal covenant was made between the father and the son the covenant of grace was made between god and man in this latter covenant god promises to man eternal salvation based upon the sacrifice of jesus on the cross the manifestation of that covenant occurs in our world in a sequence of additional covenants that god made with individuals this leads to liberation from poverty sicknesses and destruction such as well and examples is well treated in this book from abraham isaac jacob

this work by master theologian edmund calamy is a work of the highest order on covenant theology calamy says that there are two covenants following the received standards of the westminster confession there is the covenant of works where all men by nature lie under the pollution and guilt of adam s sin and liable to all the curses and penalties due to them for breach of that covenant and then secondly there is the covenant of grace which god the father made with jesus christ from all eternity to save some of the posterity of adam calamy carefully and methodically explains that the covenant of grace was prepared and readied against the fall of adam to take place at the very moment of his fall otherwise the justice of god would have immediately seized on all of creation under heaven and consumed them to nothing but jesus christ came with the covenant in his hand saying be gracious unto him and deliver him from going down to the pit i have found a ransom job 33 24 calamy proves that the covenant of grace was made with jesus christ and this was the contract of god the father with god the son from all eternity as mediator for the salvation of the elect this is not a scan or facsimile has been updated in modern english for easy reading and has an active table of contents for electronic versions

the bible is a book of two principal covenants namely the old covenant or old testament and the new covenant or new testament while the old covenant also known as the law was a mutual agreement between god and the children of israel sanctioned by the blood of an animal and aimed at meeting their needs if they keep their part of the deal the new covenant was a unilateral covenant which god made with jesus principally to be a vehicle through which he d dispense his unmerited undeserved and unearned favours to humanity a careful study of the bible reveals that israel could not keep the laws of the covenant and this necessitated the covenant of grace which would be god s universal covenant for all mankind jesus was the representative of man on one side and god s representative on the other side and the covenant was made effective with his blood the purpose of the covenant was basically to meet all the requirements for relationship with a holy god this means that god himself became a man and lived as man on behalf of man as his legal substitute and met all the requirements of the law and finally died to acquit him of all his sins and bring him into absolute union with himself as his child the blessings of this covenant are simply received not achieved in the covenant of grace i will take you through a detailed study on the new covenant the book is divided into three parts while the first part deals with understanding covenants the second part is centred on the unique factor of the new covenant called grace then i ll concluded with our new covenant rights and privileges

humanity is currently standing at the threshold of the kingdom of god on earth promised by jesus the christ and
