how transnational modernity is taking shape in and in relation to asia fashion and beauty in the time of asia considers the role of bodily aesthetics in the shaping of asian modernities and the formation of the so called asian century s heijin lee christina h moon and thuy linh nguyen tu train our eyes on sites as far flung varied and intimate as guangzhou and los angeles saigon and seoul new york and toronto they map the transregional connections ever evolving aspirations and sensibilities and new worlds and life paths forged through engagements with fashion and beauty contributors consider american influence on plastic surgery in korea vietnamese debates about the fashionable and the costs and commitments demanded of those who make and wear fast fashion from chinese garment workers to nepalese nail technicians in new york who are mandated to dress fashionably in doing so this interdisciplinary anthology moves beyond common characterizations of asians and the asian diaspora as simply abject laborers or frenzied consumers analyzing who the modern asian subject is now what they wear and how they work move eat and shop

drawing from a variety of sources from ageing research history and gender studies this book is a rich exploration of the baby boomers those coming of age in the sixties and now entering old age the influences that have shaped how they perceive ageing appearance define ageing and beauty and the meaning of appearance beauty and identity

spirit wind a collaborative investigation into the works and person of the holy spirit clearly and richly demonstrates diversity in theological perspectives but unity in the christian faith all theological discussions should aim at humbly respecting theological distinctiveness while sincerely encouraging theological conversations spirit wind offers itself to achieve just that spirit wind consists of nine chapters written by nine chinese theologians born in the orient and trained in the west who are now serving passionately as seminary professors in australia singapore taiwan or the united states each author endeavors to explain the person and works of the holy spirit not only from chinese standpoints but also from biblical historical and cultural pastoral perspectives and yet all chapters are theological in nature no theologian claims to capture all matters about the spirit but every author of this book is captivated by the powerful presence sovereign freedom and beautiful operations of the holy spirit you will be too

jesus christ for contemporary life is an understanding of jesus as the word of god grounded in what can be known historically of jesus and informed by subsequent reflection upon him which hopes to help shape a christian identity characterized by bounded openness don schweitzer moves from the historical jesus to the present in three parts in the first part schweitzer develops an understanding of jesus as the word of god who became incarnate to give the goodness and beauty of god further expression in time and space second he explores how various atonement theories articulate ways in which jesus empowers people to further express this beauty and goodness in their own lives and finally schweitzer explores how jesus relates to people in the church to the events and movements in history to other religions and to christians in their dialogue with god in prayer

passionate joy connects the psychological and spiritual understanding of our least discussed human emotion this book reflects the dawn of a revolutionary approach to living norman vincent peale anointed jim mcreeynolds as minister of joy to the world the most important characteristic of a minister of joy is humility this book teaches people the purpose of our lives is to create an atmosphere for joy and miracles to happen life is difficult building a wealth of joy enables us to know happiness readers will enter the joy of the lord as they reflect upon their own joy this book can be used as a text for study groups questions for reflections are included at the end of each chapter this book was envisioned during studies at vanderbilt university and the university of oxford in england the material has been shared during a lifetime of weekend retreats conferences and seminars for churches schools workplaces and community groups

this book explores precisely how mathematics allows us to model and predict the behaviour of physical systems to an amazing degree of accuracy one of the oldest explanations for this is that in some profound way the structure of the world is mathematical the ancient pythagoreans stated that everything is number however while exploring the pythagorean method this book chooses to add a second principle of the universe the mind this work defends the proposition that mind and mathematical structure are the grounds of reality

this book explores the varied ways men respond to the precarities of life using novels and autobiographies lamothe surveys depictions of masculinities gone awry as well as portrayals of courageous resilient men who find ways to adopt more life enriching forms of relating to

other men women and more than human species

collection of english poems

rooted in lived experiences and real conversations this book challenges mixed race studies which often prioritise black white binaries in the global north while excluding multiracial experiences across the global south

humorous wit is a new compilation of quotations in their most humoristic form there are over 15 000 of these taken from various parts of the world with over 1 200 of them translated into english for the first time this book features 5 000 authors from every corner of the globe covering a period starting before classical antiquity when man first started to record his thoughts to modern times enriching the cultural heritage this does not in any way mean that the caveman was less humorous but the richness of the environment we live in today and the variety of subject matter contribute considerably to a refined sense of humour moreover considering that chimps and other primates also possess the ability to laugh humour may have been around longer than the human race

the popular belief that a scientific understanding of reality is incompatible with a christian one is simply wrong some christian understandings of reality do conflict with some scientific understandings but a thoroughly rational christian understanding of the origin and history of the universe will be informed by the best scientific theories and the facts founded on them this book weaves a narrative of the origin and history of the universe from the perspective of contemporary science with a christian understanding of god and of god s role in the origin and history of the universe at the center of this integrated narrative is the view that god who is pure unbounded love is creator the zest for life in the universe comes from god and god is the source of truth beauty and goodness in the universe god is amazed and delighted at what god and the world has created god is saddened by ways creatures have fallen short of pure unbounded love truth beauty and goodness and god s pure unbounded love keeps on trying to persuade all creatures toward truth beauty and goodness

the search for happiness has been an enduring quest for us all the greatest minds from history plato aristotle epicurus rousseau kant mill gandhi einstein and many others all confirm that happiness is the one thing we all crave after the wild longing of the human heart is divided into two parts part one examines the brief history of happiness which has not always meant exactly the same thing to all cultures and individuals and then moves on to summarize the latest information from the areas of brain science as well as the field of positive psychology part two proposes that it is not happiness in the psycho physiological sense of something like tranquility which is the true goal of human living rather the true goal of the wild longing is a meaningful life guided by the search for truth beauty and goodness
