from its beginnings the church has presented itself as a human phenomenon that carries the divine within it as a social fact its reality given form by men and women the church has always affirmed that its existence surpasses the human reality of its components and that it stands as the continuation of the event of christ's entry into human history why the church the final volume in mcgill queen's university press's trilogy of luigi giussani's writings explores the church's definition of itself as both human and divine and evaluates the truth of this claim

father luigi giussani engaged tirelessly in educational initiatives throughout the course of his life much of his thought was communicated through the richness and rhythm of oral discourse preserved as audio and video recordings in the archive of the fraternity of communion and liberation in milan this volume presents the last three spiritual exercises of the fraternity of communion and liberation drawing from the transcripts of these recordings in these exercises giussani investigates the rise of ethics and the decline of ontology that have accompanied modernity and the spread of rationalism bearing up against old age and illness he resisted the urge to withdraw instead finding new avenues of communication and the technological means to reach all corners of the movement to give one s life for the work of another explores the nature of god the powerful human experience of self awareness and the fundamental components of christianity in the unmistakable voice of a consummate teacher at a time when young people are abandoning the church and questioning the value of faith father giussani s method of judging and verifying christianity as an experience is a timeless intervention
