the late twentieth and early twenty first centuries have seen a renaissance in the study of virtue a topic that has prevailed in philosophical work since the time of aristotle several major developments have conspired to mark this new age foremost among them some argue is the birth of virtue ethics an approach to ethics that focuses on virtue in place of consequentialism the view that normative properties depend only on consequences or deontology the study of what we have a moral duty to do the emergence of new virtue theories also marks this new wave of work on virtue put simply these are theories about what virtue is and they include kantian and utilitarian virtue theories concurrently virtue ethics is being applied to other fields where it hasn t been used before including bioethics and education in addition to these developments the study of virtue in epistemological theories has become increasingly widespread to the point that it has spawned a subfield known as virtue epistemology this volume therefore provides a representative overview of philosophical work on virtue it is divided into seven parts conceptualizations of virtue historical and religious accounts contemporary virtue ethics and theories of virtue central concepts and issues critical examinations applied virtue ethics and virtue epistemology forty two chapters by distinguished scholars offer insights and directions for further research in addition to philosophy authors also deal with virtues in non western philosophical traditions religion and psychological perspectives on virtue

the second edition of policing continuity and change effectively combines theory research policy and practical experience strategies for policing in the united states have evolved rapidly in the last four decades this concise introduction provides the necessary background to understand the challenges of policing the innovations in the field and the reforms shaping the profession discussions of recruitment socialization and organization delineate who the police are what they do and how the police culture affects officers the

authors highlight the proactive skills necessary for solving problems and for productive interactions with community members they emphasize the need for policies and training regarding use of force this vital up to date overview explores the implications for policing as departments employ new technologies and respond to demands for accountability

contributions by dorian l alexander janine coleman gabriel gianola mel gibson michael goodrum tim hanley vanessa hemovich christina knopf christopher mcgunnigle samira nadkarni ryan north lisa perdigao tara prescott johnson philip smith and maite ucaregui the explosive popularity of san diego s comic con star wars the force awakens and rogue one and netflix s jessica jones and luke cage all signal the tidal change in superhero narratives and mainstreaming of what were once considered niche interests yet just as these areas have become more openly inclusive to an audience beyond heterosexual white men there has also been an intense backlash most famously in 2015 s gamergate controversy when the tension between feminist bloggers misogynistic gamers and internet journalists came to a head the place for gender in superhero narratives now represents a sort of battleground with important changes in the industry at stake these seismic shifts both in the creation of superhero media and in their critical and reader reception need reassessment not only of the role of women in comics but also of how american society conceives of masculinity gender and the superhero narrative launches ten essays that explore the point where social justice meets the justice league ranging from comics such as ms marvel batwoman elegy and bitch planet to video games netflix and cosplay this volume builds a platform for important voices in comics research engaging with controversy and community to provide deeper insight and thus inspire change

the second volume of rethinking women s and gender studies addresses the complexities and inherent paradoxes within the expansive knowledge project known as women s and gender studies for audiences both inside and adjacent to the field each of the volume s chapters identifies and critically examines a key term that circulates in this field exploring how the term has come to be understood and mobilized within its everyday narratives and practices in constructing provocative genealogies for their terms authors

explicate the roles that this language and the narratives attached to it play in producing and limiting possible versions of the field the ongoing aim of rethinking women s and gender studies both in the original volume and this entirely new extension is to trace and expose important paradoxes ironies and contradictions embedded in the field from its high theory to its casual conversations that rely on these terms forging collective conversation and intellectual community from its thoughtful and critical lines of inquiry the second volume of rethinking women s and gender studies remains bracingly original and full of fresh insight it provides a perfect complement for feminist theory senior capstone and introductory graduate level courses offered in women s and gender studies and related fields

the police are perhaps the most visible representation of government they are charged with what has been characterized as an impossible mandate control and prevent crime keep the peace provide public services and do so within the constraints of democratic principles the police are trusted to use deadly force when it is called for and are allowed access to our homes in cases of emergency in fact police departments are one of the few government agencies that can be mobilized by a simple phone call 24 hours a day 7 days a week they are ubiquitous within our society but their actions are often not well understood the oxford handbook of police and policing brings together research on the development and operation of policing in the united states and elsewhere accomplished policing researchers michael d reisig and robert j kane have assembled a cast of renowned scholars to provide an authoritative and comprehensive overview of the institution of policing the different sections of the handbook explore policing contexts strategies authority and issues relating to race and ethnicity the handbook also includes reviews of the research methodologies used by policing scholars and considerations of the factors that will ultimately shape the future of policing thus providing persuasive insights into why and how policing has developed what it is today and what to expect in the future aimed at a wide audience of scholars and students in criminology and criminal justice as well as police professionals the handbook serves as the definitive resource for information on this important institution

the concise edition of the broadview introduction to philosophy offers 44 historical and contemporary readings on core topics in western philosophy including philosophy of religion theories of knowledge metaphysics ethics social political philosophy and issues of life death and happiness unlike other introductory anthologies the broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms canonical texts from the history of philosophy are presented alongside contemporary scholarship women authors are included throughout

this handbook offers an overview of the contemporary state of the field in feminist philosophy the editors introduction and forty five essays cover feminist critical engagements with and contributions to philosophy and other scholarly fields as well as feminist approaches to some of the current and crucial issues known across the world the volume provides a rigorous but accessible resource for students and scholars interested in diverse approaches within feminist philosophy and how feminist philosophers situate their work within the philosophical mainstream and other disciplines

sexuality is a basic feature of human life gender sexual and romantic attraction sexual excitement and sexual desire and fantasies all move in various degrees through our daily awareness however despite this pervasiveness there is much disagreement surrounding the nature of such things and experiences this book explores just these issues in an attempt to get clear about this enigmatic aspect of our existence through a series of interrelated essays internationally acclaimed philosopher james giles takes the reader on a fascinating journey to the depths of experiential social biological and evolutionary aspects of sexual life presenting his arguments and ideas in a clear and easy to follow language giles criticizes several popular views clearing the way for his own unique vision of human sexuality often controversial always engaging these pages will prove to be absorbing reading for anyone who has ever

pondered the nature of sexuality and why it fills our lives in the way it does

sex matters addresses a cluster of related questions that arise from the conflict of interests between rights based on sex and rights based on gender identity some of these questions are theoretical including who has the more ambitious vision for women s liberation gender critical feminists or proponents of gender identity how does each understand what gender is what are the arguments for the refrain that trans women are women and do they succeed other questions taken up in the book are more applied to specific issues in law and policy including should there be a right to exclude people who are biologically male from women only spaces how do the interests of all stakeholders to bathrooms in particular trade off when it comes to moving from sex to gender identity as the basis for self inclusion if we think about types of transition or gatekeeping requirements on transition as providing assurance to women who are asked to accept the opening up of women only spaces to transwomen are any such assurances sufficient is terf a slur as some radical and gender critical feminists have claimed and finally is gender critical speech hate speech as it has been classified by some social media platforms or at least harmful speech holly lawford smith discusses these issues in a series of essays all but one of them previously unpublished she takes an analytic philosophical approach to these issues drawing on ideas from political philosophy philosophy of biology and philosophy of language as well as second wave feminist theory and empirical literature to defend a gender critical position in response to all of these questions

conceptual engineering is a newly flourishing branch of philosophy which investigates problems with our concepts and considers how they might be ameliorated truth for instance is susceptible to paradox and it s not clear what race stands for this is the first collective exploration of possibilities and problems of conceptual engineering

this edited volume includes chapters written by experts in the field dealing with the social scientific study of the causes patterns and

consequences of violent crime and homicide in the contemporary world the themes range from domestic abuse to racial violence and killings in the united states and across the world

the oxford handbook of the philosophy of love offers a wide array of original essays from leading philosophers on the nature and value of love

societies around the world are struggling to think clearly about trans realities and understand trans identities real gender is the first book to present a cis defence of what it means to be transgender moyah sharrock and sandis delve into the various factors which make many trans people s experience of their gender or lack thereof as natural and unquestionable as that of cis people while recognising the undeniably social aspects of gender they find that gender cannot be completely divorced from our biological underpinnings contrary to popular opinion gender self identification does not require the denial of either biology or sex what is needed is a more liberal understanding of our gender concepts which would prevent us from confusing diversity with pathology steeped in published and personal trans testimonials real gender does not seek to provoke or attack but to unequivocally defend trans realities a powerful exploration of a divisive topic this book will be of interest to a wide audience of readers

this volume demonstrates how friedrich schleiermacher s thought can be used to address contemporary doctrinal refinement and development taking a constructive approach shelli m poe weaves schleiermacher s theology together with current scholarship in feminism womanism ecotheology and queer theology while schleiermacher is widely acclaimed as the progenitor of modern theology poe is one of the first to use his work as a springboard to refine contemporary doctrine this book demonstrates the promise of schleiermacher s mature work for contemporary constructive forms of theology

oxford studies in metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics it

provides an annual selection of much of the best new scholarship being done in the field its broad purview includes work being done at the intersections of ethical theory with metaphysics epistemology philosophy of language and philosophy of mind the essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here topics explored in volume 16 include moral worth moral testimony moral evaluation expressivism reasons and normativity

this book examines contemporary structural social injustices from a feminist perspective it asks what makes oppression discrimination and domination wrongful is there a single wrongness making feature of various social injustices that are due to social kind membership why is sexist oppression of women wrongful what does the wrongfulness of patriarchal damage done to women consist in in thinking about what normatively grounds social injustice the book puts forward two related views first it argues for a paradigm shift in focus away from feminist philosophy that is organized around the gender concept woman and towards feminist philosophy that is humanist this is against the following theoretical backdrop politically effective feminism requires ways to elucidate how and why patriarchy damages women and to articulate and defend feminism s critical claims in order to meet these normative demands an influential theoretical outlook has emerged for emancipatory purposes feminist philosophers should articulate a thick conception of the gender concept woman around which feminist philosophical work is organized however part i of the book argues that we should resist this move and that feminist philosophers should reframe their analyses of injustice in humanist terms second the book spells out a humanist alternative to the more prevalent gender focus in feminist philosophy this hinges on a notion of dehumanization which part ii of the book develops the argued for understanding of dehumanization is used to explicate the wrongness making feature of social injustices both in general and of those due to patriarchy dehumanization is not another form of injustice rather it is that which makes forms of social injustice unjust the book s second part then provides a regimentation of social injustice

from a feminist perspective in order to spell out the specifics of the proposed humanist feminism and to demonstrate how it improves some non feminist analyses of injustice too

louise antony s broadly interdisciplinary work brings a naturalistic perspective to philosophical issues of both theoretical and practical importance and center on a key theme whether and how facts about human embodiment ought to constrain philosophical theories through a unique philosophical lens she addresses issues of both theoretical and practical interest for example is pornography hate speech against women what is it for scientists professors and reporters to be objective is there such a thing as human nature and if there is what are the implications for gender equality known for her work in philosophy of mind theory of knowledge and feminism antony approaches these and other issues with unusual rigor passion and wit this volume showcases antony s influential contributions to feminist and analytic philosophy epistemology and the philosophy of mind

although criminal justice systems in developed western countries are much alike in form structure and function the american system is unique while it is structurally similar to those of other western countries the punishments it imposes are often vastly harsher no other western country retains capital punishment or regularly employs life without parole three strikes or lengthy mandatory minimum sentencing laws as a result the u s imprisonment rate of nearly 800 per 100 000 residents dwarfs rates elsewhere the oxford handbook of crime and criminal justice is an essential guide to the development and operation of the american criminal justice system a leading scholar in the field and an experienced editor michael tonry has brought together a team of first rate scholars to provide an authoritative and comprehensive overview and introduction to this crucial institution expertly organized the various sections of the handbook explore the american criminal justice system from a variety of perspectives including its purposes functions problems and priorities and present analyses of police and policing juvenile justice prosecution and sentencing and community and institutional corrections making it a complete and unrivaled portrait of how america approaches crime and criminal justice and giving persuasive

answers as to why and how it has developed to what it is today accessibly written for a wide audience the handbook serves as a definitive reference for scholars and a broad survey for students in criminology and criminal justice

gender identity what it is and why it matters is the first book in philosophy to focus on gender identity and transgender rights to be trans is to have a gender identity different from the gender you were assigned at birth but what is it to have a gender identity in the first part of the book rach cosker rowland develops a new account of our gender identities as the genders that seem to best fit us supported by trans testimony this subjective fit account explains why gender identities deserve respect discusses how we can discover our gender identity and argues for why this is practically important it also provides an overview of cis and trans and non binary and binary gender identities in the second part of the book a new view of trans rights to gender marker change legal gender recognition gender affirming healthcare and sporting participation and participation is developed cosker rowland presents an integrity based account showing how these trans rights arise from basic liberal rights to live with integrity to live in line with your judgements of how you ought to live and what a good or meaningful life for you involves rights to live with integrity ground basic liberal rights to freedom of religious belief and expression this book argues that they also ground trans rights finally cosker rowland addresses a wide range of gender critical feminist philosophers views against trans rights and shows that these arguments fail

this handbook covers the most urgent controversial and important topics in the philosophy of sex it is both philosophically rigorous and yet accessible to specialists and non specialists covering ethics political philosophy metaphysics the philosophy of science and the philosophy of language and featuring interactions with neighboring disciplines such as psychology bioethics sociology and anthropology the volume s 40 chapters written by an international team of both respected senior researchers and essential emerging scholars are divided into eight parts i what is sex is sex good ii sexual orientations iii sexual autonomy and consent iv regulating sexual relationships v pathologizing sex and sexuality vi contested desires vii objectification and commercialized sex viii technology

and the future of sex the broad scope of coverage depth in insight and research and accessibility in language make the routledge handbook of philosophy of sex and sexuality a comprehensive introduction for newcomers to the subject as well as an invaluable reference work for advanced students and researchers in the field
